THE UNIVERSITY

Twenty-five years ago, in March 1962, the University College of Wollongong was founded as a college of the University of New South Wales. The founding of the new college in Wollongong was in part at least the outcome of the initiative and hard work of a Citizens Committee in Wollongong. They worked to convince the government of the need for a university in Wollongong and to raise funds (nearly \$270,000) to assist with its inauguration. We are much indebted to that group and the city for both initial and continuing support.

ARMS OF THE UNIVERSITY

The principal elements incorporated in the Arms of the University are the blue of the sea, the gold of the sand and the red of the Illawarra flame tree. The open book often used for educational institutions has also been included.

The blazon is: "Azure an open book proper bound gold on a chief wavy or three cinquefoils gules".
