WOLLONGONG STRONGLY REPRESENTED AT NATIONAL PHILOSOPHY CONFERENCE

Wollongong is strongly represented at the annual conference of the Australasian Association of Philosophy, to be held in Canberra from August 26 to 31.

Ms. Suzanne Uniacke will speak on 'Killing in Self-Defence and Rights.' Dr. Ted Sadler will address the conference on 'Hermeneutical Philosophies of Education.' Professor Lauchlan Chipman will speak on 'Concept, Object, and Existence.' Dr. Huw Price (a part-time Tutor at Wollongong) will speak on 'What is Subjective Conditional Probability?'

With four papers, Wollongong is second only to the University of Melbourne in the number of papers to be presented at the conference.

Registration fee for the Conference is \$15.00 (students \$5.00). Those who wish to attend the conference and want accommodation in the Australian National University's Bruce Hall should contact Dr. Peter Forrest, Philosophy Department, R.S.S.S., Australian National University, Box 4, P.O. Canberra, A.C.T. 2601.

MURRAY TO WRITE FOR RESEARCH SERIES

Dr. David Murray of the Biology Department has been invited to write for a new series, 'Research Studies in Botany'. The series is to be edited by Phillip S. Nutman F.R.S. and published by Research Studies Press (John Wiley, U.K.). The title of Dr. Murray's monograph will be 'The Nutrition of the Angiosperm Embryo'. It will emphasize the development of experimental and analytical techniques that have made possible an improved understanding of the functions of the various parts of the fruit and seed-coats during embryo growth and reserve synthesis.

Since coming to the University of Wollongong from Melbourne five years ago, Dr. Murray has become recognized as a leading world authority on seed biology. This new book will be Dr. Murray's fourth book on various aspects of this vital topic. He recently edited two volumes on seed physiology to be published by Academic Press in October this year. The first of these is devoted to seed development, the second deals with seed dormancy and germination. A third volume entitled 'Seed Dispersal' is currently being prepared for Academic Press. Dr. Murray will edit this volume and contribute a chapter on seed dispersal by water, concentrating on seed dispersal by ocean currents. Dr. Robert Whelan, also from the Biology Department, will contribute a chapter on seed dispersal after fire.

VINEY JOINS COMMONWEALTH COMMITTEE

Associate Professor Linda L. Viney of the Department of Psychology has been invited by the Minister of Education and Youth Affairs to join the selection committee for the Commonwealth Postgraduate Course Awards.

Research Grants

NATIONAL HEALTH & MEDICAL RESEARCH COUNCIL

Applications are invited for support in 1986. Deadline for first stage applications is 31st August 1984. Enquiries to Trevor Smith on ext. 3079.

Campus Community Interface

International House has invited interested Friends to Dinner and "Open House" on either of two nights:

Tuesday, 21st August '84 (RSVP - 17th August) Tuesday, 4th September '84 (RSVP - 30th August)

Liz Hilton will welcome Friends on either evening to have an informal look around the House and meet some of the residents. A cafeteria style meal will be served from 6 p.m. to 7 p.m. Catering numbers are crucial here and guests are asked to note the RSVP dates.

The 200 residents of International House have one thing in common: they are living away from home in order to study. The group is comprised of undergraduates, post-graduates, university staff and visiting fellows. New South Wales is the home state for the majority but others come from other states and territories and from overseas. Links between International House residents and the people of Wollongong are very few. Increased interaction would be great!

The 21st August date is during University Recess when some 50 students will be in residence. On 4th September it will be full house.

RSVP to telephone 299711 ext. 3784.

VISITING CATHOLIC SCHOLAR

The Friends of the University Visiting Catholic Scholar Group, in collaboration with the Department of Philosophy, will be bringing Professor Max Charlesworth to Wollongong for the Festival of Wollongong.

Professor Charlesworth is the Professor of Philosophy at Deakin University. He will give two major addresses as follows:

Saturday, 1st September

- * The 3rd Festival Philosophy Lecture
"New Ways of Birth and Death: Biotechnology and Bioethics"
Wollongong City Gallery - 7.30 p.m.

Monday, 3rd September

- * The Visiting Catholic Scholar Address
"The Future of Religious Belief"
Union Common Room - 12.30 p.m.
(Light Luncheon cost \$3; Students free)

All staff, students and members of the Friends are most welcome.

PROFESSIONAL INDEMNITY & THE CONSULTANT

Some misunderstandings have become apparent to UniAdvice concerning the Professional Indemnity of academics involved in outside contracts. UniAdvice currently holds Insurance Policy (3P21NK10725) with C.E. Heath, Underwriting Agents for Professional Indemnity to a limit of \$2 million.

A copy of this policy is available on request at the UniAdvice Office. The policy is intended to give consultants engaged in UniAdvice projects legal protection against malpractice suits. UniAdvice can only accept liability in these matters, and also in situations where bad debts occur, when contractual arrangements have been made prior to the event. It would be unreasonable to expect UniAdvice or its insurers to accept financial liability in situations which have occurred as a result of private arrangements between a client and consultant.

Academics engaging in outside consultancy work and electing to by-pass UniAdvice should take steps to protect themselves and the University.

Enquiries: Peter Sophios on (042) 270076.

General Notices

HPS POSTGRADUATE CONFERENCE

The growth of postgraduate studies in the area of History and Philosophy of Science at this University was graphically illustrated by the highly successful Postgraduate Conference organised by the Department in the Pentagon during the weekend 14-15 July.

Some thirty-six of the Department's postgraduate students attended two days of seminar papers, workshops on postgraduate problems and methods, and social activities. Seminar papers presented by the postgraduate students ranged over a wide area of topics which included:

- Pam Scott, on 'The Politics of Technological Decision Making - The Establishment of the Australian National Animal Health Laboratory.'
- Richard Joseph, on 'Market Failure and Government Intervention in Support of Science and Technology.'
- Patsy Grew, on 'Computers and Community Pharmacy.'
- Ross Dill, on 'The Evolution of the Snowy Mountains Scheme.'
- Belinda Schuster, on the introduction of 'New Technology in the School Classroom.'
- Gerry O'Neil on, 'Social Evaluation of Medical Technology for the control of Artery Disease.'
- June Doyle on, 'Science and Ideology: Platonism and the Art of Deception.'
- Helen Scott on, 'Birth Technology.'
- Nora Moore on, 'Biomedical versus Holistic Models of Disease and Treatment.'
- Mary Cawte on, 'Plant Variety Rights.'

Meals were catered for by the Union, and the Department's Annual Postgraduate Dinner rounded off two successful days.

1985 GRADUATION CEREMONIES

The dates have been set for the 1985 Graduation Ceremonies. Six ceremonies will be held, two each on Wednesday, 1st May, Thursday, 2nd May, and Friday, 3rd May. The detailed division of the ceremonies will be determined later in 1984.

If readers expect to complete the requirements for a degree or diploma at the end of 1984 or following the 1985 summer session, please note the following:

- the degree or diploma will only be awarded if readers complete an "Application for an Academic Award";
- application forms, available from the Student Enquiries counter, should be completed and returned before the end of Session 2, 1984;
- even if readers do not expect to be able to attend the Graduation Ceremony, they must complete an application for the award.

If readers completed their degree or diploma at the end of Session 1, they have the choice of having the award conferred at the 1985 ceremonies or, in their absence, by the University Council at its October, 1984 meeting. In either case they should complete the application form as soon as possible.

The book is another major landmark in the City's 150th Anniversary Celebrations as it covers the period 1834 - 1984.

The book is being published by the University of Wollongong and 2,000 copies of the 1st edition are being printed. It is expected to retail in the City's bookstores at \$9.95.

A special feature of the launch ceremony will be the presence of many of the citizens who were interviewed, and without whose memories the book could not have been written.

Staff and members of the Friends of the University are being invited to this very special occasion.
