

Piano competition winner to perform in Hope Theatre

Xiang-Dong Kong, winner of the Fifth Sydney International Piano competition held last month, will perform in the Hope Theatre on Wednesday 27 August at 8pm.

Acclaimed by commentators at the competition for his sensitive interpretation of a Mozart work, Xiang Dong has already been highly successful in other international competitions.

Xiang-Dong Kong started his musical training at age five. After the Cultural Revolution in 1978, he was one of the privileged few to be admitted into the re-opened Shanghai Conservatory of Music, where he studied until 1988.

He has made debut appearances at the Lincoln Centre's Alice Trully Hall in New York, the Concertgebouw in Amsterdam and the Ambassador Auditorium in Los Angeles. He has performed throughout North America,

**Book now – selling fast
Phone 214214. \$16 and \$12**

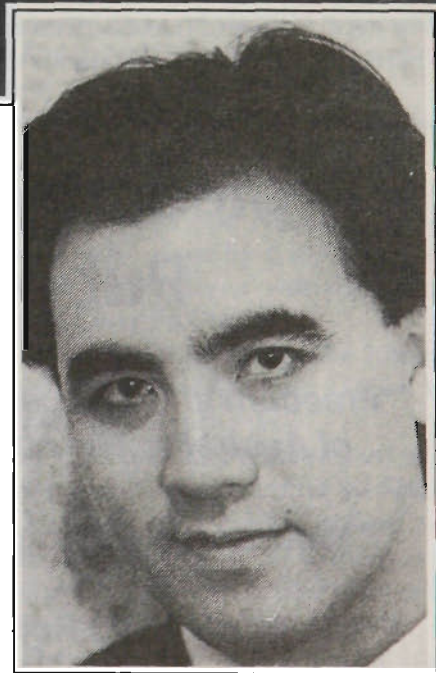

Europe, the Middle East and Asia, and has appeared with many international orchestras.

A native of Shanghai, China, he was the youngest prizewinner in Moscow's 1986 Tchaikovsky Competition and Spain's 1987 Paloma O'Shea Competition. Recently he was named the Xerox/Affiliate Artist for 1992-1994.

He has been the subject of articles in several publications, including being featured as a young artist in Isaac Stern's film documentary *From Mao to Mozart*.

He has appeared in several television and radio productions in China. Currently, he is a third year student at the Curtis Institute of Music, studying with Claude Frank.

Also in the Hope Theatre a new

Xiang-Dong Kong

concept in musicals, 'Starlight' on 15 and 16 August and a festival of Spanish song and dance, 'Espana 1992', on 6 September.

Would you be prepared to join in the fun of Open Day on Sunday 30 August and give your services for an hour or so to help out?

Volunteers are needed to staff the entrance to hand out programs and give friendly assistance to visitors. Contact Lorna Koetz, Union Office ext. 3781

The Science Centre is hosting a 'hands-on' workshop by the Program Director in Early Childhood Education from Southern Illinois University, Dr Robert Rockwell, on 27 August (4.30pm - 6pm) at the Science Centre.

The title of the workshop is Put Some Balance into Your Life (The Fun Way to Teach Science in Early Childhood).

Dr Rockwell is the author of the following current books: Everybody has a Body (Science from Head to Toe), Hug a Tree, Mudpies to Magnets (A Preschool Science Curriculum) and More Mudpies to Magnets (Science for Young Children)

Because of space limitations at the centre the numbers will be limited and bookings will be taken in the order received.

Contact Glen Moore regarding registration forms. Entry fee is \$30.

If you are interested in becoming more involved in the welfare of overseas students, the Illawarra Committee for Overseas Students (ICOS) can use your services.

We need male and female members to participate in activities with all the

Brief News

students, and women to become members of the International Women's Group.

For further information, phone Diana Wong on 21 3173 or Enid Sherwin on 84 8341.

The Friends of the University receives frequent requests for speakers to address meetings of community organisations.

If you are willing to speak on a topic relating to the University (research, departmental activities), could you please let the co-ordinator of this project John Shipp, ext. 3546, know your topics and any restrictions (eg not available of an evening etc).

The requests come from organisations such as Rotary, Apex, Zonta and usually involve speaking for about 20-30 minutes at a meeting which includes a meal.

The following publications from the Australian Bureau of Statistics are available in the Library:

Child Care Australia, November 1990 (Catalogue No. 4402.0): This presents the results from the National Child Care Survey, a nationwide survey the ABS conducted in November 1990. The major aim of this survey was to provide information about existing child care arrangements made for children under 12 years of age and the

demand for additional care for these children.

The Labour Force, 1978-1989 (Catalogue No. 6204.0): This looks at the civilian population 15 years of age and over. It covers the civilian labour force, employed persons, unemployed persons and persons not in the labour force. Characteristics shown include labour force status, age, marital status, birthplace, period of arrival in Australia, States and Territories, capital cities, industry, occupation, status of worker, hours worked, participation rates and duration of employment.

For further information, contact Lorraine Denny, Government Publications Officer, ext. 3544.

The new staff fitness program timetable is:

Mondays: 12.10-12.40pm circuit; 12.45-1.15pm powerwalk.

Tuesdays: 12.05-12.40pm low impact aerobics.

Wednesdays: 12.10-12.40pm circuit; 12.45-1.15pm powerwalk.

Thursdays: 12.05-12.40pm step aerobics.

Fridays: 1.30-2pm powerwalks.

The cost is \$5 per week and a personal program consultation is available.

If you are a member of the program the above classes are free, plus access to the gym is free on weekdays.

For more information contact Nicole at the Recreation and Sports Association Centre, ext. 3361.

Staff News

As an additional method of advertising general staff vacancies throughout Campus, the Internal vacancy Circular will now be available on the Admin File Server, under Staff Matters, General Staff, titled 'Current Vacancies'.

This will occur each Monday fortnight after our weekend advertising.

The current method of Internal Vacancies being circulated throughout Departments will still continue.

Remember a copy is always available from the front desk in the Personnel Services Branch.

For any enquiries relating to General Staff vacancies contact Chris Wells, ext. 3944, Mary Shanahan, ext. 3278, or Joanne Musty, ext. 3935.

Professor Donald Horne Public lecture

*"Freedom and independence for the golden lands
of Australia: The coming Australian republic"*

Wednesday 26 August, 12.30pm Pentagon 1

Professor Donald Horne is well known as a writer and lecturer. He was the convenor of the National Ideas Summit in 1990 and is Chairman of the Ideas for Australia Program

Korean ceramic artist on campus

Tae Hwa Choi ... in residence at the School of Creative Arts until the end of August.

Korean artist Tae Hwa Choi is in residence at the School of Creative Arts until the end of August.

Ms Choi will work in the Ceramics and Sculpture studios, hold an exhibition of her work in the Long Gallery and she hopes to construct a major outdoor sculptural piece.

Ms Choi studied for her Bachelor of Fine Arts degree at Keimyung University in Daegu and her Master of Fine Arts at Hong-Ik University Seoul.

She moved to Italy to study in 1982 and gained her Diploma in Sculpture from the Accademia, Florence.

She has undertaken further study in

Ceramics at the Institute of Ceramic Art at Sesto Fiorentino and lately has taken up an offer to continue her work at Faenza, a centre of ceramic art for many centuries.

Ms Choi has taught for the colleges of fine art at Youngnam, Keimyung and Htosung Universities in Daegu.

She has gained recognition as a sculptor in Korea and Italy, where she has received many awards and prizes including:

- 1989 First Prize, National Sculpture Contest 'Giuseppe Pescetti' by the A.I.C. of Florence and Sesto Fiorentino
- 1991 First Prize, National Contest 'Prize Italy' given by the Arts review 'Eco d'Arte Moderna' with the patronage of Certaldo City.
- 1991 Gold Award in the International Contest of Ceramic Arts by the City Gualdo Tadino (PG).

In 1990 Ms Choi collaborated with two members of the staff of the School of Creative Arts, Peter Shepherd and Lindsay Duncan, in an exhibition of sculpture, painting and drawing at the Teorema Gallery in Florence.

The exhibition of Ms Choi's latest work will be held in the Long Gallery from August 4-25.

The exhibition will be officially opened by Associate Professor Peter Shepherd on August 14 at 7pm.

Was Goldilocks guilty?

For the second year the Faculty of Law provided a range of interesting and entertaining activities for Law Week from 26 July to 1 August.

A 'Law as a Career' seminar was held in the Pentagon in the evening of 29 July.

A panel of speakers, drawn from various areas of the legal profession, addressed more than 100 prospective students, careers advisers and other interested persons to give an insight into the profession.

A highlight of the week was the 'Trial of Goldilocks' performed at the Court House on Sunday and again on Thursday.

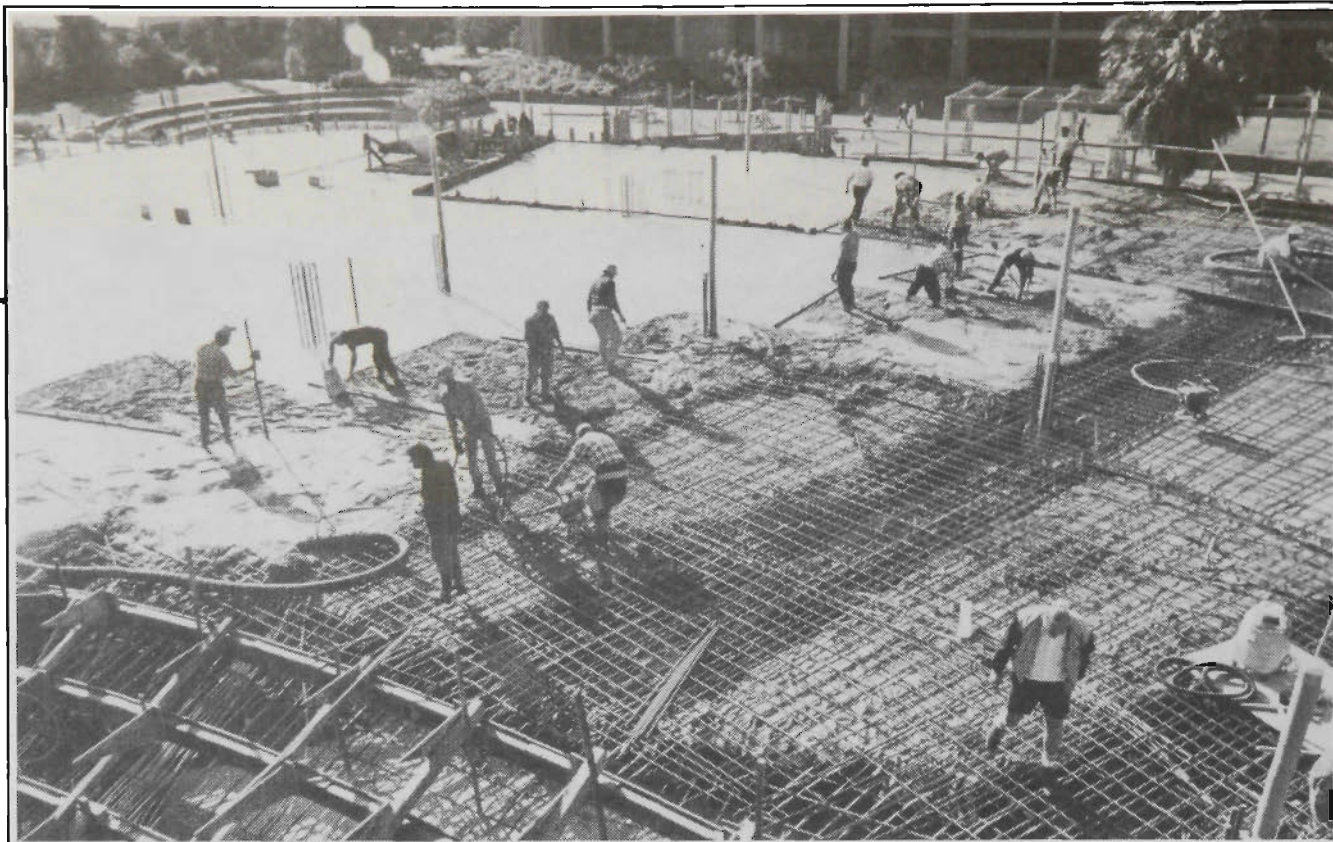

Students of the Faculty of Law and members of the local bar performed in the play in the Supreme Court.

Goldilocks was charged with breaking and entering, malicious damage and theft. Was she guilty? Find out on Open Day, Sunday 30 August when it will be repeated at 12.30pm in Building 40.

Also during Law Week, the Faculty of Law launched a report of a survey of the legal profession in Illawarra.

The Faculty of Law recently undertook this survey to assess the impact of the establishment of the Faculty at the University, and to determine the profession's needs for continuing legal education.

This survey was made possible by a grant from the Law Foundation of NSW.

Biggest concrete pour seen on campus

On 31 July more than 180 trucks entered the University grounds to deliver 800 cubic metres of concrete for the biggest single pour seen on the campus.

They operated continuously from 5.30am to 7pm.

This pour represented an important stage in the construction of the Keira View Building which will house the

Faculties of Law and Education and will also contain restaurants and conference facilities.

Nippy Crete, in conjunction with Boral Industries provided the concrete, and three pumps provided by Cleary Bros were operating. Costing \$13.1m, the building is due for completion in 1994.

1992 Young Achiever Award

Open to persons under the age of 26 who have attained excellence in their chosen endeavour.

Categories: Arts, Sports, Community Service, Career Achievement, Science & Technology and Rural Development.

Nomination close 25 September. Nomination forms available from the Dean of Students, Josie Castle.

Sponsored by Capital TV, Canberra Milk, Medibank Private, Video Ezy, DEET, ACT Electricity and Elders.

Tom Horner retires

One of the longest serving academics on the staff of the University, Dr Tom Horner, retired on 31 July.

He joined the Mathematics Department of the Wollongong University College of the University of NSW in May, 1961. Accommodation was at that time shared with the Technical College in Gladstone Avenue, the move to the present campus was made in early 1962.

The Mathematics staff then consisted of two full-time lecturers, and some part-time staff.

Before joining the University, Tom was a school teacher, for three years at Narrandera High School, and more than four years at Wollongong High School. Tom and his wife Barbara have three children, Robyn, Graham and Kathryn, all graduates of the Uni-

versity of Wollongong, in Science, Civil Engineering, and Commerce, respectively.

Tom has a BSc (Honours in Mathematics) and a DipEd from the University of Sydney, and a PhD from the University of Wollongong.

The title of his PhD thesis was 'Chebyshev Polynomials in the Solution of Partial Differential Equations', and the study of Chebyshev polynomials and their applications, together with Numerical Linear Algebra, remains his main interest in the field of Numerical Analysis.

He has been Head and Acting Head of the Department of Mathematics on several occasions, in particular being Head of Department during 1987 and 1988.

The department held a farewell function for him on 7 August.

This is Safety Week at the

The University's Occupational Health and Safety Committee have identified this week as University of Wollongong Safety Week.

A range of activities have been organised to promote occupational safety awareness on this Campus and you are invited to participate.

One of the features of Safety Week will be the launch of a Laboratory Safety Manual prepared by Occupational Health and Safety Co-ordinator, Jeff Owers, and Ross Lilley from the Department of Biology, and an address by the Director of the National Safety Council of Australia, Dr Pat Copping, on Thursday 13 August.

All staff are welcome to participate.

A Safety Package has been distributed to Departmental Heads. The package includes all University policies and procedures, which are safety related, a list of safety videos available from the Occupational Health and Safety Unit in Personnel Services Branch and extracts of supervisors legislative responsibilities under various acts. A request will be made for Departmental Heads to use this kit as a catalyst to discussion and review of safety practices in their department.

On Monday there was a presentation, aimed at technical staff in workshop environments on machine guarding.

On Tuesday Mr Owers discussed 'Occupational Hazards for Cleaning Staff' and Mr Sandy Gardiner from the Royal Australian Chemical Institute presented a short address on 'Occupational Health and Hygiene in a University Environment - Exposure and Control Levels'.

Today, Wednesday 12 August, Mr Len Smith from Wollongong City Council will present a lecture, Evacuation Procedures and Problems.

A demonstration and practice in the use of fire extinguishers will be presented by BHP Fire Fighting Unit from 12.30-1.30pm in Building 14 and adjacent grass area.

On Thursday 13 August from 12.30-1.30pm in the Union Building there will be a demonstration of Chair-mate by Security Staff.

Chair-mate is a manually-operated wheelchair lift for transporting wheelchairs on stairs in an emergency situation.

University

Also on Thursday from 12.45-1.30pm in the Union Function Rooms there will be a launch of the University of Wollongong Laboratory Safety Manual.

A keynote address will be made by the Dr Copping, Director, the National Safety Council of Australia and there will be a presentation of certificates of commendation for Safety Awareness resulting from site safety inspections.

During the week the Sports and Recreation Centre will screen sports safety videos.

The Occupational Health and Safety Committee is comprised of employee representatives, nominated through major unions on campus, and employer representatives.

All major safety issues on campus should be directed to this committee.

The committee has been active in the last 12 months ensuring the safe removal of asbestos from several University buildings.

A policy directly addressing the safety issues of asbestos on campus has been implemented.

The committee has also been involved in the personal safety issue which concerned staff and students at the end of last year and is continuing to monitor a range of strategies to address this problem.

If you have any concerns about occupational health and safety issues on campus contact the committee co-ordinator or one of these committee members:

Jeff Owers (OH and S Co-ordinator, ext. 3204); Andrew Frazer (Convenor, Faculty of Law, ext. 4029); Kevin Turnbull (B and G, ext. 3905); Robyn Weekes (Personnel, ext. 3627); George Carfield (Landscape, ext. 3594); Kerry Duggan (Nursing, ext. 3466); Charles Allport (Civil and Mining Engineering, ext. 3041); Merv Fletcher (Physics, ext. 3526); Bob Galvin (Business Services, ext. 3081); Aivars Depers (Geology, ext. 3423); Jaakko Laajoki (Maintenance, ext. 3423); Chris Grange (Personnel, ext. 3929); Michael Zanko (Management, ext. 3749); John Korth (Chemistry, ext. 3513); Karen McRae (Secretary, ext. 3204).

Safety is a priority on this Campus and Safety Week is one initiative to raise occupational safety awareness.

New and improved bus services between central Wollongong and the University

Avoid parking fines, save the \$2 admission fee, cut down on pollution, meet new friends, take a long lingering look at the escarpment, finish your project, lend dad your car, have a drink at the bar, deprive administration of income, go into town at lunch time without losing your parking space, give your right foot a rest, hold your breakfast toast with both hands, but try the bus for a change. You know it makes sense!

With the amalgamation of the Horrell and JJ Hill services a greater variety of route options are available for members of the campus community to travel by bus from the University to central Wollongong and all points in between.

The following services travel between the University and the City, and the colour of the bus, be it brown or green is not important:

Route 10: the old Horrell service runs via Gwynneville, Porter St, Weerona, Flinders St and Burrelli St to the beach.

Route 53: runs through West Wollongong and via the Central Railway Station into the City and then heads south to Warrawong, Warilla etc to Shellharbour Square. This is the fastest route to the city centre.

Route 65: runs via the North Wollongong beach area to the Central Railway Station. From there it proceeds to Port Kembla via Cringila, Lake Heights and Warrawong.

Combined timetables will be available directly from JJ Hill (tel. 29 4911) or from Office Services (Helen Ashton, tel. 21 3077) from Monday 17 August.

The following is a summary of some of the matters considered by the Academic Senate at its meeting of 22 July 1992.

Elections by Senate: The following positions were filled:

- Chairperson of Senate: Professor B Conygham
- Deputy Chairperson of Senate: Professor S.A.Morris
- Standing Committee of Senate: Professor H Gamble, Professor G Palmer, Associate Professor J Steinke, Professor J Bern, Dr A G Morris and Mr G Wallace.
- Computing Policy Committee: Associate Professor G Winley
- Planning and Development Committee: Professor W Lovegrove.

The Senate

Re-Enrolment Procedures for 1993, which aim to reduce the number of late re-enrolments and to assist the University in planning its student load for the year, were noted.

Course Objectives Review Guidelines proposed by the Undergraduate Studies Committee were endorsed.

Access by Journalists to meetings of Senate, Standing Committee and Undergraduate Studies Committee were approved subject to some provisos concerning certain types of items

Matters endorsed by Senate to be

referred to the meeting of the University Council on 14 August included:

- course proposals for 1993;
- the TV Open Learning Programme as an alternative means of entrance to the University.
- a code of practice-E-mail for adoption as University policy;
- a University policy on plagiarism;
- a revised policy document on supplementary examinations and special consideration; and
- the award of meritorious and undergraduate scholarships.

Enquiries concerning any of the above items can be directed to Trevor Cuthbertson (ext. 3928).

Professor Morse presents two papers

Professor Carol Morse, from the Department of Nursing, has presented research papers at two recent world conferences.

The conferences were in Stockholm Sweden, in June and in Brisbane in July.

One of the papers was on the interactive affect between psychological state and ovarian hormones in premenstrual syndrome sufferers undergoing a specially designed cognitive therapy programme.

The second was a report on the dif-

ferential characteristics of middle-aged women who seek help and treatment during menopause compared with those who do not.

Professor Morse also was invited to participate in a symposium on methodological issues in premenstrual syndrome research.

The symposium included experts on premenstrual research methodology from Edinburgh, New York, Sweden, Wisconsin and New Zealand.

She chaired a symposium on women's health centres in Australia, Eastern Europe, Scandinavia and Britain.

The Stockholm congress was attended by about 750 delegates from Australasia, Asia, Europe, Scandinavia and North and South America.

The congress was hosted by the International Society of Psychosomatic Obstetrics and Gynaecology and held at the Stockholm Conference Centre, 17- 21 June.

At the World Congress of Behaviour Therapy at Jupiters Casino, Gold Coast, 4-8 July, Professor Morse presented a paper emphasising the contributions of cognitive therapy to women's health.

This conference, hosted by the World Behaviour Therapy Association and the Australian Behavioural Modification Association of which Professor Morse is a former state president, attracted participants from North America, Britain, Australasia and Japan.

Professor Morse's papers originate from her extensive research activities in women's health particularly related to psychoendocrine functions during the menstrual cycle and reproductive years of women.

THIRD AUSTRALIAN CONFERENCE ON INFORMATION SYSTEMS

Hosted by
**The Department of Business Systems
University of Wollongong**

5-8 October 1992

More than 50 papers and panels will be presented on topics including Information Systems Theory, Organisational Change, Strategic Planning, Tools and Technologies, Management of Information Systems and Legal Aspects of Information Systems.

Several leading experts will be speaking at the Conference, they include:

- | | |
|-------------------------------------|------------------------------|
| Professor Stamper (The Netherlands) | Dr Olle (United Kingdom) |
| Professor Bergeron (Canda) | Professor Hirschheim (USA) |
| Professor Rossi (Argentina) | Professor Steele (Australia) |
| Professor Neergaard (Denmark) | Dr Pliskin (Israel) |

Registration Fees:

- Early Bird \$300
(Before 24 August)
- After 24 August \$350
- Daily Fee \$140

Official Sponsors: BHP IT, Digital, STA Worldwide.

For further enquiries and registration details, contact Rob MacGregor (042) 21 3758) or Gaye Herbert (042) 21 3958).

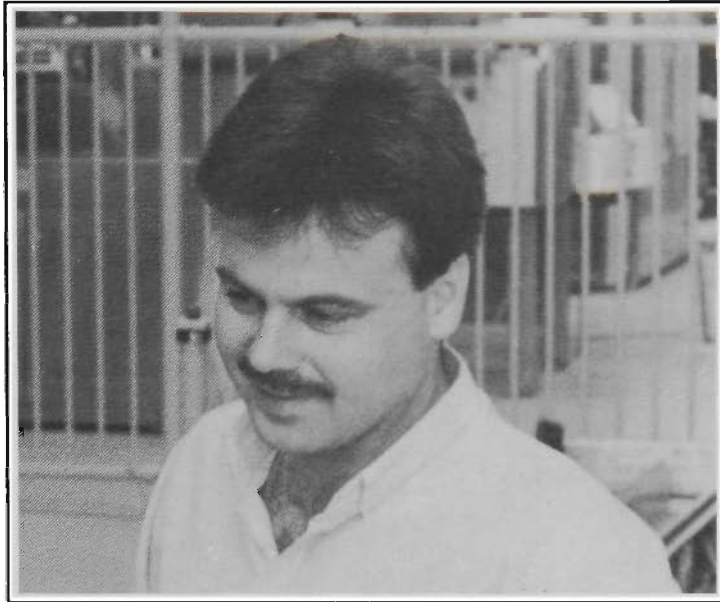

Dr Elias Siores shares award

Dr Elias Siores from the Department of Mechanical Engineering shared the Ramsey-Moon Award with Mr I. Squires from BHP-SPPD, Welding Research and acting Director of the newly-established Co-operative Research Centre in Materials Joining.

The medal and cheque for \$100 were recently presented to Dr Siores by the Chairman of the Welding Technology Institute of Australia as recognition for the best 1991 paper titled *The Future for Research and Development in the Fabrication Industry*, which was published in the Proceedings of the 39th institute's conference.

The paper debates the issues facing the welding fabrication industry including co-operative research between industry, research organisations, and government.

It discusses the need for appropriate technology and the development of training skills to support this technology, the definition of goals to direct technological development and the

Dr Elias Siores .. shared award

need to produce at the quality level appropriate to customer's operations.

The award is the most prestigious offered by the institute. Also, in 1991, Dr Siores was offered a Fellow Membership from the institute as recognition for his continuous support and services

he has provided to the institute.

Most of all, for his initiative taken to found the Illawarra branch of the institute in 1990, a branch that has at least 100 individual members and more than 15 corporate member organisations in the last two years of operation.

Lively interest in research into reading

A recent one-day conference organised by the Applied Cognitive Research Group from the Psychology Department of the University of Wollongong brought together researchers and speakers regarding the process of reading and the nature of specific reading disabilities.

The visitors had a comprehensive knowledge of Australian and International Research.

Speakers from the USA, UK and Australia examined several important issues relevant to teachers, special educators, counsellors, psychologists

and parents, and summarise current literature that examines the causes of reading difficulties.

More than 100 people attended and provided a lively and interactive audience.

Later in the week Professor William Lovegrove, Head of the Department of Psychology gave a public lecture, *Understanding and treating Dyslexia: The contribution of visual processing*, which was attended by 120 teachers, parents and interested members of the campus and Wollongong community.

This lecture is part of a series of lec-

tures presented by the Graduate Faculty to explain some of the outstanding research to the general public.

The lectures are designed to be understood by the lay person but also have something of interest for the professional.

Ultimate challenge for would-be economists

The Department of Economics was one of the NSW locations for the 'Managing the Australian Economy' competition which is sponsored annually by Mobil.

More than 400 school teams attended various locations throughout NSW on 24 July and attempted to run a computer model to simulate the Australian economy over 10 years.

The model had a range of variables including monetary and fiscal policy. The teams had to decide on policy options such as income tax, interest rates and sales tax. They received a score based on the 'health' of their economy.

Eighteen teams from Illawarra schools, organised by Ed Wilson from the Department of Economics, used the Department's micro computer labs to test their knowledge of economics and political acumen.

A team from Bulli High School won the Illawarra competition. The winning NSW team will go to Canberra in August for the national competition.

Seminar Centre for Research Policy

Building 29

Monday 7 September, 2pm

Professor Howard Newby, Chairman of the Economic and Social Research Council UK, will present 'The Creation of Knowledge and the Organisation and Funding of Science in the United Kingdom'.

Professor Newby has been Professor of Sociology at the University of Essex, Head of the ESRC data archive and is the author of numerous books and papers on the sociology of rural England.

He is visiting Australia for two weeks as a guest of the Australian Research Council, the ANU and the Centre for Research Policy.

- **Workshop Theatre**, Gipps Road, Gwynneville, is presenting its major production of their 40th Anniversary year, *Pride and Prejudice*. Dates: Wednesday, Friday, Saturday at 8pm until 15 August. Prices: \$8 and \$6 concession. Bookings can be made by ringing Deb Gailiunas, tel. 85 1811 (ah), or Redback Music on the Mall.

- **Starlight**, a new concept in musicals, entertaining and thought-provoking, witty, visually stunning and a world of magic is being presented at the Hope Theatre on 15 August at 8pm and 16 August at 3pm. Starlight features Jeremy Cumpston, Caroline Beck, Danielle Everett, Peter Astridge, Keith Hempton and Elsin Meyer. Bookings 21 4214.

- Upcoming functions for the **University of Wollongong Club** include: 14 August, 8pm: Theatre Evening - *Lettice and Lovage* - at the Illawarra Performing Arts Centre. 26 August, 12.30pm: Arts and Informatics Faculties/Financial Services Branch/Club Members Luncheon. September: Possibly another theatre evening. 9 September, 12.30pm: Special General Meeting to consider a change in name to 'The University of Wollongong Social Club'. October: Possibly another Faculties/Admin. Branch/Club Members Luncheon. December: Christmas Function (Details to be provided later.) New members are welcome. For further details contact the Hon. Secretary, Maree Fryer, tel. 21 3065.

- The **annual general meeting** of Illawarra Committee for Overseas Students

What's On

will be held in the Union Board Room on Tuesday, 18 August, at 7pm. Written nominations for executive office are due on or before Monday, 10 August. If you would like to attend or nominate an office-bearer contact Wendy Jabri at the ICOS office in the Union Building next to the Careers and Appointments Service, on Tuesday, Wednesday or Friday from 9am-2pm. Telephone 21 3158 or ext. 3158.

- A special schools performance of **Expans**, which combines **new music and dance theatre**, will be held on 28 August, from 10.30am-12.30pm. This performance has been arranged for music and drama students to experience an exciting new combination of music and dance theatre/movement. There will be public performances of the concert in the evening at 8pm. Bookings: (042) 21 4214. Enquiries: (042) 21 3580.

- **Open Day**: Sunday, 30 August.

- Agenda deadlines for the 1992 **Human Experimentation Ethics Committee meetings** are: 30 August, 24 October, 5 December. It will no longer be possible to table late items. Late applications will be held over until the next meeting.

- The **1992 Bridge Recital Series** continues with an appearance by the opera diva Amanda Thane (6 September, 2.30pm). Tickets are \$18 (\$12 concession) or \$50 for a family of four. Book with Margaret Sharrad,

tel. 28 1843, or Bridge Theatre, tel. 29 6144. A documentary is being made for the ABC of this performance.

- **Access through open learning**, with a major focus on human systems. Conference organised by University of New England, Byron Bay 7-8 September. Brochures and registration forms available Planning and Marketing, ext. 3926.

- **Upcoming Illawarra Committee for Overseas Students** events are: 19 September, Canberra; 11 October, Harbour Cruise and Sydney Aquarium; 5 December, Australia's Wonderland. Tickets and details are available from the ICOS office in the Union Building next to the Careers and Appointments Service, Tuesday, Wednesday and Friday, 9.30am-2pm. Tel. (042) 21 3158 or ext. 3158.

- The Royal Society for the Encouragement of Arts, Manufactures and Commerce lecture by Rt Hon Sir Zelman Cowan, **Australia - Looking Ahead to the 21st Century**, will be held on 1 October, at 8pm, in Maclaurin Hall, University of Sydney. Tickets (free) from The Secretary, NSW Chapter RSA PO Box 83, Rockdale, NSW 2216.

- **Australian Computer Conference on Information Systems** hosted by the Department of Business Systems 5-8 October at the University of Wollongong. Enquiries to Gaye Herbert (042) 21 3958.

- **1992 Graduation Ceremony**: 8-9 October.

Department of Management public seminars

The Department of Management has organised a series of public seminars during Spring Session designed to be of interest across the campus and to the general community.

Time: Fridays, 12.30-2pm. Venue: Building 40, Room 131

Friday, 14 August, Ms Sue Chapman (IAHS) *Management of Change in the Health Service*.

Friday, 21 August, Professor W.M.J. Geraerds (Eindhoven University), *Perspectives on Education and Training in Maintenance Management*.

Friday, 28 August, Dr Michael Polansky (University of Newcastle), *Corporate Environmental Commitment in Australia: A Sectorial Comparison*.

Friday, 4 September, Professor Amos Drory (Ben Gurion University), *Interpersonal Conflict in Organisations*.

Friday, 11 September, Mr Michael Gross (Wollongong City Council), *Organisational Change in the Local Government: Issues and Perspectives*.

Friday, 18 September, Dr Susan Ellis (University of Wollongong), *Effective Advertising Agency Compensation*.

Friday, 25 September, Dr Muayyad Jabri (University of Wollongong), *Human Resource Management, Creativity, and the Competitive Edge*.

Friday, 16 October, Ms Vivian Twyford (V. Twyford Communication), *Perspectives on Communication in Management*.

Friday, 23 October, Dr Mark Dodgson (University of Sussex), *Management of Innovation*.

Friday, 30 October, Assoc. Professor Paul Patterson (University of Wollongong), *The Use of Consultants in High-Technological Purchase Decisions*.

Friday, 6 November, Mr Leslie Gregory (BHP), *Management Development: Issues and Challenges*

For additional information contact Dr Muayyad Jabri, tel. (042) 21 3647 or ext. 3647.
