REPORT OF THE WORKING COMMITTEE

At the meeting of the University of New South Wales Wollongong University College Appeal Committee, held at the Council Chambers on 7th September, 1959, a Working Committee was appointed for the purpose of raising money for the Mayoral Appeal Fund.

The Working Committee now presents its report.

The Committee held its first meeting on 10th September, 1959, and has met eleven times in all.

Attachment "A" is a list of members of the Working Committee, including those co-opted to assist those originally appointed.

We wish to emphasise that the presentation of this report does not in any way put an end to the Appeal. We look to a continuance of financial support and expect appreciable sums yet to be donated, for example, The Illawarra Leagues Club is planning to this end.

Contributions to the Mayoral Appeal Fund to date total £50,139. 9.10. Attachment "B" is a list of all donations.

In addition, industries of the district had previously and separately donated £138,000.

A report from the Honorary Treasurer is given in Attachment "C".

The large number of contributions received indicates the extent to which support was given by individual citizens, service clubs, educational bodies, women's organisations, professional associations, Trade Unions, Commerce and Industry. The Committee wishes to stress that this help from so many diverse interests in the community has been a source of great encouragement and indeed without it a worthwhile result would not have been possible.

We should like to mention specifically the outstanding cases, but these are too many to permit inclusion in this short statement. The list of donations itself must constitute the record, bearing in mind that the amount given is not the index of its importance.

This district has shown its understanding of the compelling need for a University College here and its contribution is, in effect, a demand for urgent action.

The Working Committee wishes to thank the Press and Broadcasting organisations for their enthusiastic and unfailing help, so essential to success.

We thank also the Chamber of Manufactures, South Coast Centre, for the use of its premises as a meeting place and for seconding the Secretary and staff to assist.

Speaking as Deputy Chairman I wish to give most sincere thanks to all members of the Committee. Their enthusiasm and resolution sustained us during the difficult early period and the association has been for me a very happy experience. Whilst it is invidious to make a personal mention, the Office bearers and particularly the Honorary Secretary and Honorary Treasurer have carried a very heavy burden of work.

The Working Committee will be well content if its efforts have been of significance in the early establishment of the Wollongong University College.

On behalf of the Committee

The following Direct Expenses totalling £161.10. 1 have been incurred in connection with the Appeal and paid from our Advance Account. The vouchers and claim forms in support of these disbursements have been submitted to the Accountant of the University of New South Wales and reimbursement cheques received:-

Yours faithfully,
