OPEN DAY/EXPO 20-21 OCTOBER

Plans for University Open Day and Radio 2WL's 80's Lifestyle Expo are now well underway.

Academic departments and other University Centres have responded magnificently with a broad range of exhibitions, talks, displays and events.

Radio 2WL's advertisers have booked a record amount of space with many new themes such as toys, computers, cars, trucks, outdoor living and retirement. There will also be 24 community and sporting groups, along with the standard themes of home improvement, furniture, music etc.

Information Technology Month has moved into a large area of the Curriculum Resources Centre at the Institute with displays from Aussat, Telecom, the Meteorology Bureau and Teletex and Videodisk in association with the Micro Computer Laboratories at the Institute.

On the entertainment side there will be the VIth Town v Gown Cricket Match on Sunday proudly sponsored by Paddy's Markets and the Swire Group with celebrity guest players Doug Walters and Ian Davis, organized by

the Friends of the University.

The match will be graced by a display from the Illawarra Vintage Car Club, and the South Coast tug-o-War Association will compete during the lunch break.

The Friends will also organize the Town v Gown Debate on Saturday at 12.30 p.m. in Pentagon Theatre 2.

The University of N.S.W. Regimental Band will play at 4.00 p.m. on Saturday on the lawns near the Union Common Room and the Rhee Tae Kwon Do Academy will perform there at 12.30 p.m. on Saturday.

Mr. Will Scott will show a display and conduct a lecture on Celtic Art at 12 noon in Pentagon 1.

A crowd of over 50,000 people is expected each day of Open Day/Expo, which will maintain our position as holding the Australian record both in numbers and in lowest cost to the University per visitor attracted.

More details next week on the contributions from the Departments.

VANCE TO GIVE OPERA HOUSE TALKS

The Australian Broadcasting Commission has invited David Vance, the University's Music Development Officer, to give two pre-concert talks in the Northern Foyer of the Concert Hall on October 10th and 11th. Mr. Vance, who regularly provides programme annotations for ABC concerts, will discuss three works: Don Juan (Richard Strauss), Violin Concerto in A minor (Dvorak) and Symphony No. 2 (Schumann). The pre-concert talks begin at 7.20 p.m., prior to the performance at 8 p.m. The Sydney Symphony Orchestra will be conducted by Louis Fremaux and the soloist is the violinist Salvatore Accardo.

WOLLONGONG OPEN CHESS CHAMPIONSHIP OUTSTANDING SUCCESS

The Wollongong Open was held at the Fraternity Club during the Labour Day weekend from 1.30 p.m. Saturday through to 5.00 p.m. on Monday. Entries were received from Queensland, Victoria, ACT and NSW.

The defending titleholder was International Master Terry Shaw of Sydney. Shaw has represented Australia in the Chess Olympiad for the past twenty years. He was

awarded the title of International Chess Master after an outstanding performance in the Chess Olympiad in Malta in 1980. He was defeated on the long weekend by Chris Depasquale of Melbourne.

The Wollongong 150th Anniversary Committee, Friends of the University and the Fraternity Club sponsorship enabled this to be a major event in the 1984 Australian chess calendar.

Participating in this tournament was the NOVAG computer SUPER CONSTELLATION. The SUPER-CONSTELLATION was released in Australia two weeks ago. Its predecessor, the CONSTELLATION has already proved itself to be as good as the top Wollongong players. The inclusion of a computer in a major chess tournament is the first in Australia. Players were given the option of not being paired against the computer. Organisers also agreed that the computer was not to win any prizes. In the event that turned out to be unnecessary as the computer was no match for even the middle ranking players.

Congratulations to the organizers John Tong, John Mazziere, Wolfgang Brodesser and Director of Play Doug Woods.

FAUSA SLAMS OVERSEAS STUDENTS FEES

(Extracted from the FAUSA Newsletter)

Overseas students will be charged approximately one-third of the recurrent cost of their education in 1985. Charges will range from \$2,500 to \$3,350 p.a. per student and represents a 15% increase on last year's figures. FAUSA opposes the imposition of overseas student fees as discriminatory. A study of overseas students at UNSW in 1983 found that the vast majority came from backgrounds considered poor by Australian standards and for whom the cost of course fees constituted an additional financial burden. Treasury estimates that \$28.4 million in revenue will be raised by these measures. This amount in no way justifies the hardship the fees will cause to the individual students and their families.

This increase is also imposed despite the fact that the government has not yet formally considered the Godring Report on overseas students. It seems inappropriate to impose an increase at more than twice the expected inflation rate when the entire area of overseas student policy is under review and fundamental changes in direction might be expected.

AUSTRALIAN FEDERATION OF UNIVERSITY WOMEN

Next meeting 7.30 p.m. Wednesday, 5th December, at 7 Garden Ave., Figtree.

Guest Speaker: Dr. Winifred Mitchell.

Topic: "Growing Up In The Illawarra".

INTRODUCTION TO UNIVERSITY 1985

The Counselling Centre will be organising an Introduction to University Programme for students commencing studies in 1985. The programme is designed to introduce new students to other people starting university, the way the university operates and to university study. Students and staff (Institute and Faculty) are needed to help in the programme which takes place in small groups. There will be two separate programmes on February 20th/21st and February 23rd/24th.

If you are interested in helping please contact the Counselling Centre on 27-0592 or call in (western side of the Union Building).

VISIT OF DEPUTY CONSUL-GENERAL OF FRG

Mr. Wilfried Bolewski, the Deputy Consul-General for the Federal Republic of Germany will be paying an official visit to the University on Tuesday October 9. Any staff members who wish to meet him, are advised to contact him directly on (02) 328 7733 to arrange a time. The visit is being co-ordinated through the Centre for Multicultural Studies and enquiries can also be directed to Dr. Ron Witton, Head of the Centre.

USE OF ENVELOPES

A problem exists in the mail room because some staff members are not using the correct envelopes. Staff are asked to use the internal multi-address envelope for internal mail and the white envelope with the University's name and address for external mail only.

This will help staff in the mail room sort out the mail more quickly and easily.

COPYRIGHT AND COMPUTER PROGRAMMES

The Australian Vice-Chancellor's Committee has produced a pamphlet on the subject of copyright and computer programmes, following the passing of a Federal Act giving copyright protection to computer programmes. A copy of the pamphlet is available from the Editor.

AUSTRALIAN INSTITUTE OF MANAGEMENT

The 1984 training programmes of the Institute are explained in a brochure available from the Editor.

AUSTRALIAN ACADEMICS FOR PEACE IN THE MIDDLE EAST

The AAPME study tour to Egypt and Israel has been postponed to 1 - 20 January, 1985. More details from Graham de Vahl Davis at Shalom College, University of N.S.W.

GRADUATES COMMITTEE - NEXT MEETING

There appears to be some confusion about which people are eligible to attend meetings of the Graduates Committee of the Friends.

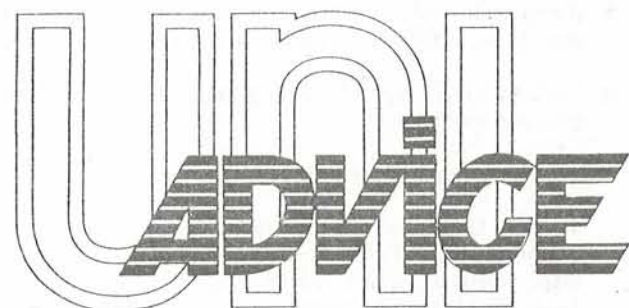

The answer is any member of the Graduates Group who has paid his or her dues.

A notice in Campus News is the means we use to advertise the meeting. An agenda is sent out, but only to those members who attend regularly.

Please feel free to attend. If you are not sure of your eligibility, this can be checked at the time.

The next meeting of the Graduates Committee of the Friends of the University will be held in the University Council Room on Wednesday, 21st October, 1984, at 6.00 p.m.

All welcome.

Uniadvice has been gazetted by the Commonwealth Government as being an Approved Research Organization (ARO) under the Australian Industrial Research and Development Board, with effect from 1st July, 1983.
