# Table of Contents

1 INTRODUCTION ........................................................................................................ 1

2 METHODOLOGY ..................................................................................................... 3

2.1 RDMS on-line survey ......................................................................................... 3

2.2 RDMS telephone interview ............................................................................... 3

3 ON-LINE SURVEY RESULTS ............................................................................. 4

3.1 Participant characteristics .................................................................................. 4

3.1.1 Age .................................................................................................................. 4

3.1.2 Postcode .......................................................................................................... 4

3.1.3 Current role ..................................................................................................... 2

3.2 Survey questions ................................................................................................ 2

Question 1: Given you are registered for the RDMS, what role (permissions) do you have? .......... 2

Question 1a: What things have you done in the RDMS? ................................................ 3

Question 1b: Please tick all the things you have done ................................................... 4

Question 2: How easy is it for you to use the RDMS currently? ..................................... 4

Question 3: How long have you used the system? .......................................................... 5

Question 4: How many surveys have you been involved in using the RDMS? ................. 6

Question 5: Looking back in when you first used the RDMS, are there any other types of information or help that could have made getting started easier? ......................... 6

Question 5a: If yes, please provide additional information ............................................. 7

Question 6: How do you find the support offered by the CareSearch team? ...................... 7

Question 7: Would you like to make any comments about the support offered by the CareSearch team? ............................................................................................................. 7

Question 8: If you have used the reporting function in RDMS, how useful was it? ............ 8

Question 9: Do you have any suggestions to improve the reporting function in RDMS? .......... 8

Question 10: Have you encountered problems with any of the following? ....................... 8

Question 10a: If you have encountered problems please provide additional information .......... 9

Question 10b: If you have had any problems with the system how did you fix them? ............ 10

Question 11: Have you had a problem with the system that couldn’t be fixed? ................... 10

Question 12: Have your experiences encouraged you to use the other RDMS features or other CareSearch facilities? ................................................................. 10

Question 13: Have you used data management systems other than the RDMS? ............... 10

Question 14: If there are any features that you have seen elsewhere that you would like to see in the RDMS? ................................................................. 10

Question 15: How would you use the RDMS to manage your work? ............................... 11

Question 16: How easy is it for you to use the RDMS currently? ..................................... 11

Question 17: Do you have any suggestions to make about improving the RDMS? ............ 11

Question 18: Have you seen the Research Connect pages in CareSearch yet? ................ 12

Question 19: Are these pages useful, or do you think they would be useful? .................... 12

4 RDMS TELEPHONE INTERVIEWS ........................................................................ 13

4.1 Interview report .................................................................................................. 13
4.1 Participants ........................................................................................................................................................................ 13
4.2 Method .................................................................................................................................................................................. 13

**Question 1:** What type of research or project work are you currently involved in? ................................................................. 13

**Question 2:** There are many ways to collect research data, why did you choose to use the ROMS? ................................................... 14

**Question 3:** Is the capacity to collect data from more than one site important to your project or research work? Did this capacity influence your decision to use the ROMS? .................................................................................................................. 14

**Question 4:** How important is the ROMS in being able to conduct your research or project activity? ................................. 14

**Question 5:** If the ROMS didn’t exist would you have been able to carry out this work? ........................................................... 15

**Question 6:** Do you think that the ROMS has enhanced the capacity of the palliative care community to carry out research and quality improvement activities? ..................................................................................... 15

**Question 7:** Are you planning to use the platform in an ongoing way or for future research or project work? ........................................... 16

**Question 8:** What other IT capabilities do you think would support palliative care research and project work? .................. 16

**Question 9:** Do you have anything else to add? .......................................................................................................................... 16

**5 DISCUSSION** ........................................................................................................................................................................... 17

**APPENDIX 1: ROMS ONLINE SURVEY** ......................................................................................................................................... 18

**APPENDIX 2: ROMS TELEPHONE INTERVIEW QUESTIONS** .................................................................................................. 22

**APPENDIX 3: ROMS TELEPHONE INTERVIEW PARTICIPATION INFORMATION SHEET AND CONSENT FORM** ................................................................................................................................. 23
