

## **SOCIETY FORMED AT HELENSBURGH:**

Illawarra Historical Society is pleased to note the formation of an historical society at Helensburgh. It is based on the operations of our own society and one of its stalwarts is Tony Decorte, resident of Stanwell Tops and one of our own members and regular attenders at our meetings. Already he has been able to put us on to some historic photographs which we are arranging to exhibit and store in our archives whilst we have been able to make available some relevant pictures for Helensburgh.

We look forward to some co-operative efforts as there is need for research in Helensburgh, Lilyvale, Stanwell Tops and Otford.
