

WHO KNOWS:-

Miss. Victoria Flook of Bristol, England was quoting from an extract of the South Coast Times undated but published between 1908 and 1919 that contained the following news item under the heading 'Coledale':-

'New waltz to be known as the Illawarra Waltz will shortly be published. It has been composed by Mr. George Phillips of Coledale and judging by the favourable opinion expressed by leading Sydney music critics, the production promises to have a ready sale.'

She would be delighted to receive information about that piece of music. Any helpers or suggestions?
