

VALE ALBERT BENJAMIN

We extend our sympathy to the family of Albert James Benjamin, born 4th January, 1907.

Albert became involved with the Society and Museum through his late sister, Ivy Murray.

Their love for the museum became evident with the donation of interesting artefacts and their time spent supervising visitors. (Believe it or not in the early days displays were laid out on tabletops - a supervisor's nightmare.)

His death is officially recorded as 1st September, 1996 but his physical death was on the 31st August, 1996, exactly two years after the death of his sister.

The society has been enriched with having two such wonderful members.
