

## **UNANDERRA PUBLIC SCHOOL**

The site and buildings of Unanderra Public School were recently sold to Woolworths Ltd for the construction of a supermarket. The school will be relocated at Cordeaux Heights. This site has a brick school building dating back to 1877 which according to Wollongong City Council is currently 'heritage listed'. Thanks to a campaign by local citizens and heritage groups news has been received that the school building will not be demolished, but will be retained by the purchaser for community use.
