

Vale Jean Osborne.
4th April 1925 – 19th March 2007.

It is with regret that that we learnt of the death of Jean on 19th March, this marked the end of a long standing joint membership of our society. Jean joined in 1975 during Frank's first term as President and retained her membership until early this year when she was no longer well enough.

Although afflicted with impaired vision for decades Jean was able to participate actively in society functions such as excursions, exhibitions and regular meetings. Jean and Frank travelled extensively overseas and around Australia in their caravan and she always enjoyed whatever they participated in. Jean will be sadly missed from our membership.

Our thoughts go out to Frank, children Brian and Lyn and the grandchildren.
