Contents

- [BODY OF ARTICLE](#)

Equation (3) was printed with errors. The correct form is

$$\psi_s^\sigma(\mathbf{r}) = \frac{1}{\sqrt{2}} \left(\begin{array}{c} 1 \\ \sigma \frac{(k_y - ik_x)^j}{k^j} \end{array} \right) e^{-i\mathbf{k}\cdot\mathbf{r}}. \quad (3)$$

These are typographic mistakes and do not change the results or conclusions of the paper.
