MEMBERSHIP

There were 2498 members of all classes in 1977 compared with 2268 in 1976. The total of life members as at the end of 1977 was 316.

GENERAL MEETINGS

The Annual General Meeting of the Union was held in the Common Room on 14th April 1977 at 12.45 pm and was attended by fifteen members of the Union. The annual report for 1976 containing financial statements for 1976 was received. A motion proposing that the Union formally acknowledge students and staff of the University who are, or are eligible to become, life members of Unions of other universities or colleges of advanced education by granting them life membership to the University of Wollongong Union on payment of the appropriate fee was carried. This matter was referred to the Constitution Committee. At the same meeting various changes to the Constitution were approved and a copy of the amended constitution appears elsewhere in this report. The most notable change was an increase in the number of Board members from 13 to 15. The General meeting approved the composition of these 15 members as follows: 12 persons elected by and from all classes of membership, 2 persons nominated by Council and the Secretary-Manager of the Union. However, University Council resolved later in the year that the number of Council nominees should remain at 4. The Board resolved that the total membership should not exceed 15 with the result that the present composition is 10 persons elected by and from all classes of membership, 4 persons nominated by Council and the Secretary-Manager.
A Special General Meeting was held in the Union on Thursday, 6th October, 1977 attended by 26 persons, at which the 1978 Budget was approved incorporating a $5 fee rise.

BUILDINGS

During the early part of the year the remaining alterations were carried out to the Union Hall to bring it to the required standard for a Public Halls Licence which was granted on 2nd May 1977. Other internal work included the completion of four new catering and shop storerooms in the old kitchen and a bar counter in the Common Room. In the course of the year the Board of Management was asked by the University to provide a list of improvements and additions in order of priority which might be made to the Union if funds were available. In December the Board of Management was informed that monies would be forthcoming and details of the alterations appear elsewhere in this report.

FINANCE

At the end of 1976 the Board faced a catering deficit of $38,457, with the result that only $53 was transferred to accumulated funds. The Union's reserves for future capital development and replacement furnishings and fittings were seriously depleted.

However, at 31st December 1977, the Union was in an improved position. This was due to a number of factors:

1. The overall catering deficit for the year was $2532 being $7439 below the budgeted deficit. This decrease in losses over the previous year was achieved by non-replacement of the Catering Manager who resigned, a reduction in non-management staffing levels, improved stock control systems, and an increase in function trading. It is hoped to be able to maintain the level of function trading in 1978 to subsidise food services to members.

2. The resignation of the House Manager on secondment from the University resulted in the University making a cash grant of $13,812 in lieu of his services. It was decided that the post should be replaced by a Recreation Assistant whose time would be divided between the Union and Sports Association. The post was not filled until January 1978 and, therefore, a considerable monetary saving was made.

3. Although income from members' fees was $2073 below budget, this was more than offset by a budget saving of $10,618 on staff wages as indexation was not as high as expected.

4. By using the University printery instead of outside sources and by careful monitoring of telephone calls $3300 was saved in office expenses.

It is fortunate that the Union has managed to increase its funds since in 1978 it is expected that $15,000 will be needed to furnish the proposed Bar/Bistro extensions and make a contribution towards the purchase of two 35 mm projectors in the Union Hall.

AFFILIATED CLUBS

During the year ten clubs and societies were affiliated to the Union: Bridge Club, Camera Club, Car Club, Drama Society, Film Group, Geological Society, History Society, Metallurgical Society, Musical Society and the Parents Club. At the end of the year Geographical Society and Il Circolo Italiano were granted affiliation. The clubs and societies contributed the following brief resumes of their activities:

BRIDGE CLUB

Convenor: Dr. A.J. Wright

The principal bridge activity in 1977 was the Intervarsity Bridge Tournament held in the Union from August 28 to September 3. Mr. Alan King very kindly organised and ran the Tournament, and is thanked for also acting as Director.

Otherwise the Bridge Club meets for social card play in ACS G17 each Tuesday. All are welcome, but if numbers increase we may move to larger quarters in the ACS building.
CAMERA CLUB

President: Mr. Murray Robinson

1977 was quite a successful year for the Camera Club, with a record number of members joining.

The major event of the year was the 4th Annual Photographic Exhibition. The exhibition attracted a higher quality and larger number of photographs than ever before.

As recognition of their ability, some members of the Camera Club were employed by the University's Audio Visual Department for photographic work. We were also fortunate enough to obtain, from Audio Visual, the use of a darkroom which we equipped with club darkroom equipment. The Club now has the facilities for colour printing and developing but few members have taken the opportunity to use them.

The Club also conducted a basic darkroom course for new members.

During the year we held meetings about every two weeks where members brought along prints and colour slides on various topics. At these meetings we occasionally had guest speakers and had a portrait night.

The winners of the continuous pointscore were Mario Sanguineti for Black & White Prints and Wally Erven for Colour Slides. At the final meeting the best prints and slides throughout the year were judged with Mario Sanguineti taking print of the year and Jim Sliger slide of the year.

CAR CLUB

Treasurer: Mr. Danny Burke

During 1977, the first year of operation, the Car Club took considerably greater effort to start than was first envisaged. The main reason for this was because funds were made available for equipment during the examination period and, therefore, the equipment was not purchased until near the end of the year. So far we have a timing light, vacuum gauge, compression tester, circuit tester screwdriver and an ignition analyser. We have not yet purchased larger items of equipment as we are still negotiating for a lockable storage area. We have secured a 10% discount for the purchase of goods and hope to buy oil, grease etc. in bulk quantities for sale to members.
DRAMA SOCIETY

President: Mr. Chris Glover

The Society for 1977 was non-existent. Nothing was done. There were about three meetings of the Society at the beginning of the year. A well-known Arcadian comedian conducted two or three lessons in comedy routine but it folded through lack of continued support.

In the last three months of the second session I was approached by a group of H.P.S. students to direct and play the lead role in a play they presented as a tutorial assignment. The play and the people involved were a great success and these people upon my suggestion decided to reform the Society. I was elected president.

The Society was allocated a grant by Clubs & Societies Committee at the end of the year which has been spent on lighting and stage make-up. I have also drawn up plans for the erection of scaffolding to support lights which will be built in 1978.

FILM GROUP

Executive Member: Mr. Peter Castle

In 1977 the Film Group attained the status of a commercial exhibitor. This enabled us to advertise outside the University (on radio and in the Mercury). However this only occurred in May, so for the first part of the year it was business as usual. We had 60 members and over 2500 attendances. But because of increased costs including the necessary advertising, the Film Group barely broke even. This was due also to the failure to attract the public to our screenings. We feel that the breaks in the screenings for university holidays loses us the continuous attention of the general public. Thus in 1978 we will be screening every Wednesday night throughout the year. This may solve the attendance problems and so put us in the more secure financial situation that we require to continue operation.

The greatest achievement in 1978 will be the installation of 35mm projection equipment in the middle of the year. This will open to us a wider range of films, including foreign films and many classics which have been unobtainable on 16mm.

The Management Committee wishes to thank those members and attenders who helped out on the door and in the ticket office throughout 1977 and hope that more will assist us in the future.
GEOLOGICAL SOCIETY
President: Ms. Leonie Campbell

The geolsoc has provided its members with both educational and social activities during the year.

Educational activities included meetings at which eight eminent geologists delivered lectures, and excursions. A major excursion of one week was conducted through areas of geological interest in southern N.S.W. and S.E. Victoria. Weekend excursions were conducted to Kelly's Point, Wombeyan Caves, Yalwal and Bungonia.

The social functions included several Barbecues, a wine bottling, a dinner, a ski week and a ski weekend.

All the activities were enjoyed and well-attended by members.

A barbecue, Annual Dinner and final meeting with a guest speaker also took place during the year.

Proposed for January '78 is a 25-day camping coach tour across southern Australia. The society has been running raffles and a fund raising dinner, in order to subsidise the trip, and in so doing keep the costs within students' financial range.

HISTORY SOCIETY
Acting President: Mr. Glen Mitchell

During 1977 the principal activity of the History Society was the sponsoring of visiting speakers. Two speakers, Dr. Bruce Stave, a Fulbright Scholar from the University of Connecticut, and Dr. Richard Taylor from the Russian and East European Research Centre, at the University College, Swansea visited the University. Dr. Bruce Stave gave an address on the problems of immigration to America and Australia 1850-1950 and Dr. Taylor spoke on methodological problems in using films to interpret Russian history. Both speakers also gave classes for Pass and Honours students in the Department.

Other than these two speakers the History Society continued to distribute and sell copies of the second edition of its journal as well as collect and edit articles for publication early in 1978.
METALLURGICAL SOCIETY

Honorary Secretary: Mr. David Bendeich

The Society's activities for the year were basically along the lines which the Committee had planned and were coincident with the general aims of the Society. These were that there should be a continued level of social events but with an increased emphasis on technical aspects.

The main social event of the year was, as usual, the Annual Dinner, which was held at Don Camillo's Restaurant. Mr. Terry Humphrey was guest speaker and gave an interesting address on all aspects of hang gliding.

There were also two barbecues held at the Sports Pavilion, both of which were highly successful. The first was held in July to farewell Dr. Dunne on his sabbatical leave to Cambridge University and the other in December as a finale to the academic year.

The most talked about and widely accepted innovation that the Society introduced this year was the coffee machine located in the upstairs foyer of the Metallurgy building. The poor quality and high cost of the coffee obtainable on campus has often been the subject of complaints by the students and staff. To alleviate this the Society purchased a self-serve coffee machine which is serviced by students on a voluntary basis.

Two technical nights with guest speakers were held. Dr. John Croll gave an informative talk, and highlighted his presentation with a spectacular film on "Steels for Off-shore Oil and Gas Platforms" and Dr. John Hoffman lectured an appreciative audience on "Metal Spraying and its Applications". The Society intends to improve its programme of technical functions in 1978 and continue with the successful social functions it has presented in the past year.

MUSICAL SOCIETY

President: Ms Jenny Smith

The Annual General Meeting was held on 31st March when officers were elected and activities agreed. During Session 1 the 'Renaissance Players' gave a concert. A dinner for Musical Society members and performers was held before the concert to allow the two groups to converse and share ideas. Several lunch-hour get-togethers were held in the Common Room when members and guests played instruments, listened and talked. During Second Session the Musical Society and the Circolo Italiano co-sponsored a concert by the Sydney University Chamber Choir. Several programmes of recorded music were presented in the Union Hall during the lunch-hour on Wednesdays when members brought records from their own collections and from the City of Wollongong Record Library. On 7th September a concert of music for voice and piano was presented by Coralie Dunn and Keith Johns.
PARENTS CLUB

Secretary: Ms Helen Wiltshire

Kids' Uni enrolments increased over those of the previous year to a total of 55 children, representing 43 families. This includes use of Kids' Uni by students of the Wollongong Institute of Education and Technical College, and staff of both the University and Technical College. However, most places at Kids' Uni went to the children of University students.

The employment of a trained teacher as full-time supervisor, together with a part-time assistant, helped Kids' Uni to run more smoothly than the previous year. Parents were still required to help out, and most did a weekly four-hour roster.

Two delegates from the Parents Club attended the AUS Child Care Conference in Melbourne in September, and three delegates attended a one-day conference organised by the Family and Children's Services Agency on "Innovations in Child Care".

The Child Care Committee of the Parents Club was instrumental in the formation of the N.S.W. Campus Child Care Association, which is designed as a lobby group and resource centre for all campus child care agencies.

To create public awareness of the range and variety of child care needs in the Illawarra, in December the Parents Club held a weekend regional child care conference, which was highly successful, despite the small number of people attending. From this, a regional committee for community child care has been formed.

GEOGRAPHICAL SOCIETY

President: Ms Lois Sparkes (till November); Mr. John Bywater (from November)

Activities during 1977 included a highly successful 10-day trip to Central Australia, a series of guest lectures, a popular and enjoyable Annual Dinner and Annual Staff vs. Students Soccer Match.

The guest speakers who delivered papers at our monthly meetings were:- Dr. J. Jennings (ANU), Dr. J. Bowler (ANU), Dr. R. Fagan (Macquarie), Professor B. Garner (NSW), Professor M.G.A. Wilson (Wollongong) and Professor E. Woolmington (Duntroon).

Perhaps the highlight of the year was the Geographical Society's affiliation with the University Union and resultant grant of funds from the Clubs and Societies Budget. These funds will enable the Society to undertake a very much broader range of activities and to purchase essential camping and field equipment. One major and several minor field trips as well as several social functions are planned for 1978 and members are assured of a very much revitalised 'new look' Geographical Society.
GENERAL

As members will note from this report, 1977 was a year of consolidation and significant progress, particularly with regard to our general financial position. The credit for this, and for the continuing efficient functioning and development of our Union in general, is due in no small measure to the consistent hard work and dedication of each and every member of the Union staff throughout the year. On behalf of all members, our debt to the staff is gratefully acknowledged.

We look forward to the remainder of 1978 as a year of challenge and potential with prospects of increasing support and participation of members. The recent provision of substantial funds by the University will enable further development of facilities and amenities during the year ahead. These include the provision of air-conditioning, increased bar and bistro areas, and the construction of a colonnade round the Union Hall. In addition the building of two extra squash courts and a sauna adjoining the existing courts was approved. These will be financed by the Sports Association repaying an interest-free loan from the University over eight years. This ongoing development reflects some of the vitality and enthusiasm that is characteristic of this young University and its unique Union. Your active support in sustaining the momentum of progress is earnestly requested.

On behalf of the Board,

JOHN ROACH
Chairperson

21st March 1978
