RETROSPECTIVE EXHIBITION OF THE WORKS OF WILLIAM PEASCOD

The School of Creative Arts celebrates in the retrospective exhibition (Saturday May 10 to Sunday June 1) of works by William Peascod (1920-1985), an artist of outstanding achievement. It also celebrates an artist who had lived much of his working adult life in Dapto and Wollongong and greatly enriched the cultural life of New South Wales.

The exhibition celebrates, too, a man whose father was a miner of coal — as was William in his youth — and a man who later became a Teacher of Mining Engineering at Wollongong Technical College and part-time University Lecturer in Sydney.

The exhibition preview will include a BBC video colour documentary of a unique mountain climb made by William Peascod and Chris Bonnington a year before William Peascod died. This video demonstrates another unique aspect of William Peascod’s varied life. He was an outstanding mountaineer.

William Peascod added to his achievements by writing an autobiography entitled Journey after Dawn, recently published in the United Kingdom. Copies may be ordered from the exhibition secretary.

Finally this exhibition celebrates the loan to this University of well over 200 works, many of which have been hung in the Administration Building, in the Library and Pentagon over the past decade. A selection of these works are now exhibited together in the Long Gallery and are for sale. A group of William Peascod’s friends and admirers has actively promoted this exhibition under the chairperson Joanne Symes.

Income from sales will go to the estate of William Peascod.

The University Rugby Club is enjoying a revival in 1986 after several years in the wilderness. The teams have won six of their first nine games with the second grade side leading its competition by the proverbial country mile. The picture shows the third grade side in action against Camden.
OUR GRADUATION CEREMONIES

Six Graduation Ceremonies will be held in the Union hall the week. General details are:

10.30 am Wednesday, May 7
Mathematics, Science and Sports Science
Speaker: Professor John M. Bennett, Professor of Computer Science, University of Sydney.

2.30 pm Wednesday, May 7
Engineering, Metallurgy, Dip Teach (Primary Conversion Course and Grad Dip Ed Stud (Comp. in Ed.).
Speaker: Professor R.E. Luxton, Professor of Mechanical Engineering, The University of Adelaide.

10.30 am Thursday, May 8
Commerce, including AssocDipCompApp and Grad Dip Ed Stud (Sch. Admin.).
Speaker: Susan Bambrick, Dean of Students, The Australian National University.

Arts (first section), including GradDips, MStudies and PhD, and Creative Arts.
Speaker: Dr Roslyn Dubs, Registrar, Australian National University.

10.30 am Friday, May 9
Education: BEd and DipTeach (internal studies); Grad Dip Ed Stud (R/ESL); MEd (Hons).
Speaker: Senator Susan Ryan, Federal Minister for Education.

2.30 pm Friday, May 9
Arts (second session including MA (Hons)); Education: BEd (conversion courses), DipEd and MStudEd.
Speaker: Joan Ford, Human Resources and EEO Manager, Esso Australia Ltd.

Further details available from Trevor Cuthbertson, ext 3928.

PARKING ON GRADUATION DAYS

All members of the University are asked to note that it is expected that there will be a severe shortage of parking space in and near the University on the three Graduation days. It would be wise to allow sufficient time to park some distance from the University as most on-campus parking areas are likely to be filled quite early each day.

SESSION 1 1986 EXAMINATIONS

ID CARDS AND PARKING

Session 1 examinations will be conducted over a three-week period from Tuesday, June 10 to Friday, June 27. Advanced Education Courses examinations will begin on June 10 and Faculty Courses examinations begin on June 16. Final Examination Timetable for Session 1 will be released on Monday May 19. Examinations will be held in the Union Hall, Common Room (Union), Sports Hall and other rooms normally used for examinations in the past.

Recently the University revised its examinations procedures and decided that in future entry to examination rooms will be by identification Card only. Students will be expected to show their ID Cards at the door of an examination room and then leave them on their desks together with the completed and signed attendance form. The ID Cards will be returned to students after the attendance form has been collected by the Examination Supervisor.

In view of the current parking situation students should allow themselves plenty of time before the commencement of an examination to find a parking space and get to the examination room in time. Students who have to sit for examinations in the Sports Hall should note that the car park south of the Sports Hall (coal wash car park) will not be available for parking during Session 1 examinations because it will be under re-construction.

Remember to get to the examination on time and bring your ID card along with you. K.E. Baumber, University Secretary.

USE OF UNIVERSITY ARMS

Prior to the finalisation of the University Arms, a ‘Big W’ was used on some publications and letterheads to identify the University. Where publications are produced for the University, the University Arms should be used rather than the ‘Big W’ in future.

Permission to use the University Arms is readily granted for the use of the Arms on Research Papers issued by Departments/Schools and on official documents or reports. Previously an authority was required on an attachment to the Printing Requisition. In future, if the printing job falls obviously into the category of an official University publication an authorisation will automatically be given at the Printery. If there is any doubt, the requisition will be referred to the Senior Assistant Secretary, Academic and Student Services.

QUALITATIVE RESEARCH SYMPOSIUM

There is increasing recognition of the usefulness of qualitative research techniques among researchers and there is now an expressed need to get together and discuss issues and methodologies. This symposium brings together relevant studies in a way which will enable plenty of participation in discussion.

Contact: Rosemary Keogh, 2 Ellsmore Ave, Killara 2071.

COMPUTER AWARENESS SEMINAR

This half-day seminar, originally scheduled for April 24, will now be held on June 2. Staff members wishing to attend the workshop should complete the nomination form available from the Staff Office (extension 3798 or 3944). The seminar will NOT be highly technical and is aimed at staff who find themselves now using a computer or a computer terminal, or who may be using one in the future, and who do not have a background knowledge in this area.

The seminar will provide staff with a basic understanding of the computer’s role in the workplace, and will look at what a computer can and can’t do, how computers work, how we can use them, and the like.

The closing date for nominations is May 9. Nominations already received will be considered for the June 2 seminar, and are not required to be resubmitted.

FAREWELL TO HALLEYS COMET

An estimated 5000 people attended a Farewell To Halley’s Comet astronomical viewing on Fairy Meadow Beach April 24. Organised by the Illawarra Planetarium Society, the viewing took place in ideal weather. Adjacent street lights were turned off to optimise viewing.

The University of Wollongong played a major role in the program, providing telescopes and audio-visual equipment. The Physics Department supplied a telescope and image-intensifying equipment which enabled people to see the comet “live”. Those present were fortunate enough to see a total eclipse of the Moon and Saturn’s rings in addition to catching their last glimpse of the comet.
NORTHERN TERRITORY LITERARY AWARDS

Entries are invited for the third Northern Territory Literary Competition.

The Competition has four sections:
1. Red Earth Poetry Award (Open)
2. Red Earth Poetry Award (Northern Territory — restricted to those who have resided in the Northern Territory for at least two years up to 1 September 1986.)
3. Arafura Short Story Award (Open)
4. Arafura Short Story Award (Northern Territory — restricted to those who have resided in the Northern Territory for at least two years up to 1 September 1986)

The prize money will be:
1. $1000 - Red Earth Poetry Award (Open)
2. $500 - Red Earth Poetry Award (NT)
3. $1000 - Arafura Short Story Award (Open)
4. $500 - Arafura Short Story Award (NT)

Conditions of entry at Campus News. Entries should be sent to NT. Literary Awards, c/- Box 1448, GPO, Darwin NT 5794.

International News

Unless otherwise indicated, further information can be obtained from Heather Nash, Australian Vice-Chancellors' Committee, GPO Box 1142, Canberra, ACT 2601. Telephone (062) 497577.

The International Union of Forestry Research Organisation will hold its 18th World Congress in Yugoslavia from September 7 to 21. The address for further information is: International Union of Forestry Research Organisation, A-1311 Wien-Schonbrunn, Austria.

The British Council has provided information relating to courses to be held in Britain under the Council's auspices during 1986:
Course 644 — Language learning through the primary curriculum. September 7-19, Leeds, U.K.
Course 651 — The management of information technology in higher education: an international seminar. September 7-12, Loch Lomond, Scotland.
Course 652 — Information technology in libraries. September 7-25, Sheffield/London.

The Department of Education has provided information booklets published by the Mondo Italiano Centro di Lingua e Cultura in Rome and by the Scuola di Lingua e Cultura in Siena, and setting out details of courses offered by them. Courses cover the Italian language and literature, as well as Italian history (both ancient and modern), art, and the political and economic system. Copies of the relevant booklets are available from the AVCC.

Also available is literature relating to 1986 summer courses offered by the Istituto per l'Arte e il Restauro in the restoration of painting, antique wood, ceramics and paper, and in drawing and painting, the antique trade, diagnostic techniques and museology.

ACADEMIC EXCHANGE

The Australian Vice-Chancellors' Committee received a request from Dr Shirley Neal of the Eastern Illinois University to advise Australian institutions that staff of her university are interested in promoting academic exchange with their Australian counterparts. In particular, it is hoped that Eastern Illinois staff may be able to spend periods of sabbatical leave in Australia, and to participate in courses taught in Australian universities.

Similarly, Eastern Illinois University is keen to attract Australian academic staff to its campus, which offers a full range of undergraduate and postgraduate programs in the humanities, social sciences, mathematical and computer sciences and business studies. Australian academic staff who may be interested in participating in the proposed exchange are invited to write to Dr Shirley W. Neal, Eastern Illinois University, Charleston, Illinois 61920, USA.

Campus Community Interface

TO ALL 1986 GRADUANDS AND MEMBERS OF THE FRIENDS — HURRY!

You and your partner are cordially invited to attend the Friends Graduation Eve Champagne Reception for the new Graduands tonight, May 6 at 6 pm in the University Union Common Room.

You will be received by the Vice-Chancellor, Professor Ken McKinnon, and the Chairman of the Graduates Group within the Friends, Atd. Keith Phipps.

Charge $5 each payable at door. Graduands admitted free. RSVP to Giles Pickford on (042) 270073 or 270082.

THE FRIENDS CALENDAR

May
Tuesday 6 Annual General Meeting
5.30pm, Union Common Room
Tuesday 6 Graduation Eve Champagne Reception
6.30pm, Union Common Room
Wednesday 7 to Friday 9 Graduation Days
Saturday 11 University Church Service
7 pm, St Michael's Cathedral
Academic dress will be worn
Wednesday 21 Graduates Group
6pm, Board Room
June
Wednesday 11 Projects Committee
5pm, Board Room
Thursday 26 Friends Visit to the School of Creative Arts
July
Friday 4 Community Involvement Committee
5.30pm, Town Hall Meeting Room
Sunday 6 High Schools' Chess Tournament
7—8pm, Union Hall
Wednesday 16 Graduates Group
6pm, Board Room
Thursday 31 Friends Presentation of the Queensland Marionette Theatre to Schools and Friends Members
Presentation of Papers to Health Professionals
Date to be decided
August
Friday 8 University Day
Graduates Reunion Dinner
7pm, Union Common Room
Friday 8 Town v Gown Rugby Match
3pm, University Oval
Sunday 10 Friends Projects Committee
Wednesday 13 5pm, Board Room
September
Wednesday 18 Graduates Group
6pm, Board Room
The following sources of research funds are now available to members of academic staff. Further information including application forms, where these are to hand, may be had from Ian Strahan on ext 3079 or Tom Moore on ext 3386. Intending applicants are reminded that all research applications must be forwarded through the Research Office.

The Deputy Vice-Chancellor (Academic and Research) Professor Ian Chubb, is happy to discuss aspects of application strategy, including design and presentation, with researchers. To render this process as efficient and productive as possible, intending applicants should first consult widely, for example, with their relevant Chairperson(s) about the content of their application. They are then invited to send a full draft to Professor Chubb for comment before final typing. Please allow sufficient time for consultation and reference to the Research Office while meeting the closing date given by the funding body.

**HISTORICAL STUDY – EXPRESSIONS OF INTEREST**

The Victorian Law Foundation, an independent body responsible for undertaking and sponsoring research on legal and related issues, is engaged on a major study of executive government in Victoria. The Foundation wishes to commission an historical study of public administration in Victoria and is prepared to fund this study at a level which will support work of a high standard. A team approach may be particularly suitable.

Expressions of interest close June 30.

**ELECTRICAL RESEARCH BOARD**

1. **RESEARCH PROPOSALS**

Applications are invited by the Electrical Research Board for grants in support of research of interest to the electricity supply authorities and to manufacturers of associated equipment. The Board makes grants to tertiary institutions in support of specific research projects under the directions of named Chief Investigators. Grants may be used in general for equipment, maintenance and computer time, and in specially approved circumstances for other purposes.

The present and potential needs of the electricity supply industry lie generally in the following Project Groups:

- a. System Design
- b. System Operation
- c. Instrumentation, Protection and Control
- d. Power Apparatus
- e. Materials and Processes
- f. Safety and Environment
- g. Generation of Electric Power
- h. Distribution and Utilisation

The above list represents areas which have been identified by the power authorities as appropriate for research activity but proposals for significantly different topics would be examined.

The Board has now enlarged its area of research interest from projects traditionally carried out in Departments of Electrical Engineering to all technical matters of direct relevance to the electricity supply industry, with initial emphasis being placed on mechanical engineering projects, directly related to the operation of power station plant.

Applications close July 4.

2. **SUPPLEMENTARY SCHOLARSHIPS**

The Electrical Research Board wishes to make it known that it is prepared to provide a limited number of supplementary scholarships to postgraduate students working on research projects supported by ERB grants.

The scholarship if granted, takes the form of a straightforward $5,000 per annum supplementation to the stipend of a postgraduate student who holds a Commonwealth Postgraduate Research Award (CPRA) or comparable qualification. The Board's scholarships are tenable for a maximum of three years and are subject to satisfactory progress being made by the scholarship holder.

These scholarships are project attached, that is, they are awarded in conjunction with a grant made to a university or college staff member for a research proposal submitted to the Board for support.

The Board’s purpose in establishing these supplementary scholarships is to make the prospect of postgraduate research on projects that it supports through its existing grants program more financially attractive to students.

Applications close July 4.

### 1987 EXCHANGE VISITS

The Australian Academy of Science and the Australian Academy of Technological Sciences signed a Memorandum of Understanding with The Royal Society in 1985. The objective of the Memorandum is to foster co-operation in the natural and technological sciences (and such other fields as fall within their responsibilities) between Australia and the United Kingdom.

To meet this objective the two Australian Academies operate an exchange program, which is funded by the Australian Department of Science, Scientists and technologists who are Australian residents and who are of at least post-doctoral or comparable status may apply to participate in the program.

Applicants should propose a specific activity or a joint research project which has been developed in consultation with a host scientist in the United Kingdom.

Visits may be long term (six months or more) for extended research or short-term (not less than two weeks). Support will not be given when the primary purpose of a visit is to attend a conference.

Applications close September 1.

Scholarships and Prizes

MEXICAN GOVERNMENT SCHOLARSHIPS 1986/87

The Mexican Government will offer two scholarships, each for 10 months, for Australians to undertake postgraduate study or research in Mexico in the 1986/87 academic year.

The scholarships are primarily intended to enable ten months' research to be undertaken in Mexico leading to a higher degree to be completed in Australia.

More from the Secretary, Department of Education (Mexican Government Scholarships), PO Box 826, Woden, ACT 2606.

STUDY IN GREECE – 1986/87

The Greek Government is offering a scholarship for an Australian citizen to study in Greece during the 1986/87 academic year which is from September 1, 1986 to June 30, 1987.

Application forms from: Awards and Exchanges Section (Greek Government Scholarship), Department of Education, PO Box 826, Woden, ACT, 2606.

SHORT-TERM SENIOR SCHOLAR AWARDS – 1986 (AMERICAN PROGRAM)

As part of the Fulbright Educational Exchange Program in Australia, the Foundation provides a small number of awards each year in the Short-Term Senior Scholar category. The awards are to American scholars to visit Australia for a minimum of four weeks and a maximum of eight weeks.

Benefits include: International travel costs plus cost of travel in Australia necessary to complete the official itinerary, per diem (currently $115/day); health insurance.

The Foundation normally offers between 5–8 Short-Term Senior Scholar awards each year. In 1986 nominations will be considered by the Board of Directors at meetings in May and August. More detailed information on the awards and nomination papers are available on request from: The Executive Officer, GPO Box 1559, Canberra, ACT, 2601, Tel (062) 479331.

SPANISH INTERNATIONAL PRIZE

The Institute of the Youth of the Spanish Ministry of Culture has called an International Prize for Young Researchers of Nature. The Prize has the High Patronage of HRH the Prince of Asturias (Crown Prince) and the organisers would like to have as many outstanding participants as possible.

Details in Registry file 68/99/1(ii).

FRENCH GOVERNMENT POSTGRADUATE SCHOLARSHIPS

The French Government is offering scholarships to Australian citizens wishing to undertake a course of study in France at the postgraduate level during the academic year 1987/88.

Scholarships are available in literature, linguistics, applied linguistics (French language) and education.

Applications close July 25. Application forms from: The Secretary, Department of Education, (French Government Postgraduate Scholarships), PO Box 826, Woden, ACT 2606.

Inquiries: Vicki Dunne (062) 837644.

ST JOHN'S COLLEGE, CAMBRIDGE – BUCK MEMORIAL STUDENTSHIP

St John's College invites applications for a Dr William Elgar Buck Memorial Studentship for post-doctoral research in Medicine or Surgery or some branch of Natural Science related thereto.

The student will be required to devote himself/herself to research in Medicine or Surgery or some branch of Natural Science related or contributory thereto, but it is not a condition of election that a candidate intends to enter the medical profession.

Applications should be sent to the Master, St John's College, Cambridge CB2 1TP, England, to reach him not later than October 1.

Books Received

HER NATURAL DESTINY: THE EDUCATION OF WOMEN IN NEW SOUTH WALES

Noeline Kyle is a lecturer in education at the University of Wollongong. She holds a PhD from the University of Newcastle where as a mature-age student in the late 1970s she became interested in women's history, the history of education, Australian studies and family history.

The book explores the schooling of women and girls in New South Wales from 1788; in elementary classrooms, in convents, in state high schools and in the private schools. State education is fully covered as are the class and race differences that clearly marked the academic boundaries beyond which many women did not go. The training of women in teachers' colleges and in the technical classroom are also included to show the continuum of the sexual division of labour and the domestication of girls schooling. Women teachers and students boldly people the pages of this new vivid history of the education of Australian women and girls.

LIVING BY OUR WITS

It is probably fair to say that most politicians' speeches are as interesting as a week-old racing guide. In Living by Our Wits, however, Barry Jones, Federal Minister for Science, confronts and challenges Australians to face facts about life in the 1980s, and beyond, rather than cling to a 1960s view of national potential.

People interested in science, technology, the future, and social trends will find Living by Our Wits a provocative and enlightening book. Copies, supplied free on request, are available only from Public Information, Department of Science, PO Box 65, Belconnen, ACT 2616.
WHY A WOMAN ON THE COMMITTEE?

Last week I sent an invitation to all women on campus (through heads of departments and units) seeking expressions of interest in participation on Selection Committees. The invitation follows a strategy in the Equal Employment Opportunity Management Plan to ensure participation by females in the selection process.

These nominations when returned will give us the information needed on women available to participate and their fields of interest and expertise.

But why, some ask, should women be on all committees?

When I was interviewed for my job at this University, I was surprised to find seven people on the selection committee. As an outsider, I was accustomed to three as the usual number and thought it must have reflected something to do with the position of EEO Co-ordinator. (It probably did).

I now realise that large committees reflect the University's commitment at all levels to the principle of broad representation in its decision-making processes. This means that sectors of the University affected by decisions or recommendations made by committees, are represented on those committees.

For example, representation on Council, the supreme governing body of the University, includes three general staff, two academics from the Institute sector, four academics from the Faculty sector, three students, four graduates and eight ministerial appointments, representing the community served by the University.

The main advantage of representative decision-making is that decisions reflect wide and diverse points of view, which serves the interests of those affected. Further, the different backgrounds of the participants give a richer perspective to the decision making regardless of the interest groups they represent.

And so it is with women on selection committees. Certainly it has been shown that in the past, assumptions about sex have disadvantaged women in the selection process. ("She might have to look after the children when they're sick...") and it is hoped that female representation may help to ensure that such attitudes are not used against women applicants.

Further, women in employment do form a discernible group in terms of their location in the workforce, their responsibilities and their needs (part-time work, childcare) and, as such, they deserve to be represented in the decision-making process just as all interest groups are represented on all other university committees.

But women are not on the committees just to represent the interests of women. Often there are no female applicants. As with Council, women are there because of the different background and perspectives which enrich the decision-making process.

Nobody asks why a Professor, say, of Chemistry might participate in selecting the Librarian — nobody asks, "but is he qualified?" It is accepted practice. But they do ask: 'but why a woman — is she qualified?' The answer is Yes.

REMINDER: EEO INFORMATION SESSIONS

General Information Sessions on implementing the EEO Management Plan will be held on May 12, 16, 22, 29 at 10 am in the Council room. See you there.

Kathy Rozmeta, EEO Co-ordinator, Ext 3917.

SCIENTIFIC AND TECHNOLOGICAL EXCHANGE PROGRAM

APPLY NOW FOR 1987 EXCHANGE VISITS

The Australian Academy of Science and the Australian Academy of Technological Sciences signed a Memorandum of Understanding with The Royal Society in 1985. The objective of the Memorandum is to foster cooperation in the natural and technological sciences (and such other fields as fall within their responsibilities) between Australia and the United Kingdom.

To meet this objective the two Australian Academies operate and exchange program, which is funded by the Australian Department of Science. Scientists and technologists who are Australian residents and who are of at least post-doctoral or comparable status may apply to participate in the program.

Application forms are available from: International Exchanges Officer, Australian Academy of Science, GPO Box 783, Canberra ACT 2601.

Deadline for applications is September 1 preceding the calendar year for which support is sought.

Seminars

DEPARTMENT OF PHYSICS

(All to be held in the Physics Lecture Theatre Bldg. 18 Rm. 118).

Date: Thursday May 8
Speaker: Professor Roger Smart, School of Science, Griffith University.

Date: Thursday May 22
Speaker: Dr Ian McIntosh, Department of Physics, University of New England.
Topic: Metal Vapour Lasers.

Date: Thursday June 5
Speaker: Dr Trevor Tansley, School of Mathematics and Physics, Macquarie University.
Topic: Nitride Semiconductors.

Date: Thursday July 17
Speaker: Dr John Collins, CSIRO Div. of Applied Physics, Lindfield.

Date: Thursday July 31
Speaker: Dr John Storey, School of Physics, University of New South Wales.
School of Creative Arts — Wollongong University — Long Gallery — Building 25 — Entrance 4 — Phone (042) 270996.

You are cordially invited to Preview a Major Retrospective Exhibition of Paintings for sale by

WILLIAM PEASCO

To be opened by Professor Michael Birt, Vice-Chancellor of University of New South Wales on Friday May 9th 1986 at 8.00 pm. Gallery opens at 6.15 for informal 6.30 pm showing in the Long Gallery downstairs foyer of a B.B.C. Video Documentary of a classic mountain climb titled "Lakeland Rock" featuring Chris Bonnington and William Peascod. 40 mins. in colour. Exhibition open to the Public daily including Saturday and Sunday from 1.00 to 4.00 pm from Saturday 10th May until Sunday 1st June.

AN HISTORICAL RETROSPECT ON POLICY IN BASIC SCIENTIFIC RESEARCH IN THE PEOPLE'S REPUBLIC OF CHINA

Date: Thursday May 22
Venue: HPS Lab, Room 239, Building 19
Time: 12.30 pm
Speaker: Madam Li Peishan
Madam Li Peishan of the Institute of the History of Natural Science, Academia Sinica, Beijing, will be visiting the Centre for Technology and Social Change on Thursday May 22.
She is currently working in the field of the history of science and technology policy in China, and will give a seminar on the topic of 'An Historical Retrospect on Policy in Basic Scientific Research in the People's Republic of China'. Your attendance would be welcomed.
Further information: contact the Centre for Technology and Social Change on 270639 or ext 3639.

DEPARTMENT OF HISTORY AND PHILOSOPHY OF SCIENCE

Date: Tuesday May 6, 12.30 pm
Venue: University of Wollongong, building 19, room 241
Speaker: Dr Brian Martin
Topic: Science and Male Domination
Dr Brian Martin is a lecturer in the Department of History and Philosophy of Science. His research interests include politics of technology, sociology of scientific knowledge and peace and environmental issues. His most recent books are Uprooting War (1984) and Intellectual Suppression (1986, co-editor). This seminar reports work done in collaboration with Dr Jill Bowling in Canberra.

DEPARTMENT OF MECHANICAL ENGINEERING

Topic: Some Recent Developments in Air Conditioning Design
Speaker: Professor R.E. Luxton, Professor of Mechanical Engineering, University of Adelaide
Date: Wednesday May 7
Venue: University of Wollongong, Building 4, Room 138
Time: 10 am
New insights into details of fluid mechanics and heat transfer in tube and plate heat exchangers have led to the definition of a new operating range for conventional air-conditioning equipment. Benefits in terms of refrigeration capital and operating costs and air handling costs result from these findings.

Concerts, Exhibitions and Entertainment

WHY MOZART AND NOT SALIERI?
‘Amadeus (why Mozart and not Salieri?)’ is the presentation title for the City of Wollongong Symphony Orchestra’s concert in the Town Hall on May 31. While the Peter Schaeffer screenplay is largely fictitious, there can be no doubt that Milos Foreman’s film was a winner. What a pity that only short snippets of each composer’s music were used for the soundtrack. For our May 31 concert three major works will be performed in full, as well as the overture from ‘Don Giovanni’!
David Vance will be soloist in the ‘big’ E-Flat Piano Concerto, K.482. The program will also contain Mozart’s early G-Minor Symphony, K.183, used with great effect in the film, and Salieri’s ‘Sinfonia Veneziana’.
Tickets are selling now at Wilson’s Record Bar, 118 Crown Street (296169) for $9, concession $5, family ticket (up to four) $20.
The concert starts at 8 pm.

THEATRE SOUTH TO PRESENT ‘ROOTED’
Friday, May 27 to Saturday, June 14 — Rooted, by Alex Buzo.
Rooted is Theatre South’s second mainstage play for the season. It is a hardhitting comedy about the Australia of the 1960s and one of its products: Bentley. At the beginning of the play, Bentley seems to be the man who has everything, but, seemingly through no fault of his own, he just loses it all. He is absolutely rootless in his society. Alex Buzo’s plays are popular for their statements about our society and for their satire. He has developed a wide following as a writer of gentler satire, and is well-known and loved for his seminal work of Australian humour, The New Class, which made us all laugh at ourselves. The play will be directed by Phillip Keir, formerly a director with the Sydney Theatre Company.

Notices — particularly of seminars for insertion in this issue — arrived too late for publication. In point of fact many notices have been received after events have taken place.
It takes a week to produce Campus News. Deadline is noon on Monday for the issue to appear on the Tuesday of the succeeding week.
ACCOMMODATION WANTED

Urgent: two bedroom flat or one-bedroom flat with sunroom for mature-age student and teenage son. Contact Sheila ext 3996 or 833454 after hours.

Staff member seeks house to rent, preferably near beach. Wanted either immediately or from July/August, on long lease (three years or similar). Stephen Castles, ext 3779, Centre for Multicultural Studies.

Two-bedroom flat close to Uni or transport (rail) for two engineering students. Urgent. Contact N. Ronan on 270716 b.h.

Several academic staff are commencing duty during June-July this year.

Anyone with furnished accommodation available at that time is invited to give details to Ross Walker ext 3934.

Three/four bedroom house furnished or unfurnished urgently required by careful family on a short- or long-term lease. D. Barker, ext 3036 or 270036.

New staff member with young family, arriving early July, is seeking house to rent, furnished or unfurnished. Would be prepared to rent house for whole of second session. This tenancy would perhaps suit a staff member proceeding on leave. Enquiries to Professor J.B. Ryan, ext 3718.

ACCOMMODATION AVAILABLE

Serviced apartments - new - fully furnished - two bedrooms (four people) $35 per night per unit, 1 Park Street, Wollongong. Further information available from Ross Walker, ext 3934. Booking Agents: Dougmal, North Wollongong, 298244.

ROOM FOR RENT

Share in three-bedroom house Russell Vale. $60 per week, includes electricity. Contact Michelle 840087.

TO LET

Wollongong harbour and ocean views — two bedroom unit for lease from June to October 1986 or major part thereof. $100 per week. Phone ext 3735 or 289697.

FOR SALE

Chest Freezer - Leonard 200. Good working condition. $175 o.n.o. Phone 270799.

WANTED

Tutor in physics for Year 11 high school student. Phone ext 3917, 3865 or 272937 a.h.

IT'S A DEGREE OF SAVING NOW THAT GIVES YOU A BIG DEGREE LATER

It's your university training that will give you the qualification to set you up for a lifetime of interesting challenges in the work force. And like a degree, there will be other achievements you can make if you learn to save and borrow on your income with your Credit Union. They understand how to get you started, right from the very beginning with money to spend, and money to buy the things you want most.

See a financial counsellor at The Illawarra Credit Union branch nearest to you.

HEAD OFFICE: 36 Young Street, WOLLONGONG.
