RETURN TRIP: Helensburgh will be driven through on the return journey if time permits (no stop there) and thence the bus will travel via Princes Highway, Bulli Pass and thence to Wollongong by the route taken earlier.

PADDINGTON EXCURSION PROJECTED:
Our society is planning a full day excursion to Paddington on Sunday, September 21.
With the growing interest in the Paddington village and its historic iron lace our members are sure to gain much from this excursion. Keep the date free.

GOULBURN TWO-DAY EXCURSION PLANNED:
Historic Goulburn has much to offer those interested in many aspects of history.
The two-day excursion with overnight stop at this historic city is planned for Saturday and Sunday, November 8 and 9. Particulars will be given later.
In preparation for this, excursionists are recommended to see "Lilac City" by Wm. A. Bayley. It is available from the Town Clerk, Goulburn for $1.00 plus 17c postage.

HURSTVILLE HISTORICAL SOCIETY TO VISIT WOLLONGONG:
Following a talk by our Past President, Mr. Edgar Beale, the Hurstville Historical Society is interested in visiting Wollongong and its historical museum.
Our society has suggested Saturday, October 11 all day as the date most suitable for conducting the visitors about Wollongong and through the museum.

PHOTOGRAPHERS OF ILLAWARRA:
Mention of photographers who recorded much early Illawarra history has brought the names of more.
James Brothers began in Kiama in 1868 and S. Flodin in 1878. They were followed by R. H. Holden and Samuel Cocks. (S.C. on prints).
In Wollongong Sid Thorne captured many pictures, identified by S.T. on prints.
H. King and Kerry & Co. of Sydney travelled through and took many pictures in Illawarra.

MRS. MACKRETH INDISPOSED:
Our good worker both for society and museum has for the past few weeks been fighting the "wog" and has not been able to give her usual attention to so many honorary duties.
She is to take a holiday and we wish her a speedy recovery. It has been said that the best of us can be done without. We do not believe this!

MRS. M. M. EVANS TO MELBOURNE:
Another of our hard workers has gone to Melbourne on a very special mission during which we trust she is able to take a brief rest from her round of Wollongong duties.
