World Premiere for Wollongong
An opera for young performers

In June 1284 approximately 130 children disappeared from Hamelin in Germany. There are many theories concerning this occurrence — Black Death? Children’s Crusade? St Vitus’ Dance?

Whatever the reason, it seems the town people of Hamelin were deeply ashamed. There is no record of the disappearance in the town archives until 1384 – one sentence, reading:

'It is a hundred years since our children left'.

The most likely theory is that these young people were sold to a neighbouring state as labour. Today, inside the Polish border, there is a town whose population has many of the same names of those people in modern-day Hamelin.

Taking Robert Browning’s *Pied Piper of Hamlyn* as a model, the School of Creative Arts’ opera is set in modern times. Technology is replacing human labour with little thought for these people’s lives. In order to find employment, this modern town’s children will have to leave their home.

Unemployment! Protest! Election promises!

The Chairman of The Company appoints Piper, a PR man with great charisma, to sell bright new futures to the young people of the town. Piper calls the tune. But at what cost? Can we afford to pay the piper?

That is the theme of The Piper’s Promise – the bold new opera from The University of Wollongong.

The distinguished tenor Gerald English heads a cast of Wollongong’s young people in this premiere production. The work is assisted with funds provided by the Australia Council and the NSW Government’s Office of the Minister for the Arts.

Music is by Andrew Ford, words by Sue Rowley and Jim Falk, design by Richard Hook. Conductor is David Vance, producer Des Davis, lighting by Ian McGrath.

Music, words and designs were commissioned by The University of Wollongong with financial assistance from the Australian Bicentennial Authority to celebrate Australia’s Bicentenary in 1988.

Performances: Friday September 30, Saturday October 1, Wednesday October 5, Friday October 7 – all at 8 pm – and Saturday October 8 at 2 pm and 8 pm.

The opera will be performed at the Illawarra Performing Arts Centre, Burelli Street, Wollongong.

Tickets $14, $12 PAC members, $9 concession, $37 family of four, from box office, Illawarra Performing Arts Centre (042) 26 3366.

Further information about the piece from Andrew Ford (042) 27 0304 or (02) 698 8780 and David Vance (042) 27 0303.

---

**Slogans for promoting universities**

At a meeting of Queensland, NSW and ACT information-services staff four slogans were generated to crystallise key elements of the current public debate about policies for universities. The meeting thought these could be used both for short-term ‘fire-fighting’ and, over a longer period, in public campaigns for greater understanding of the unique values of universities.

The slogans are:

- If you think universities are expensive, try ignorance.
- If you think research is unnecessary, try guesswork.
- If you think excellence is elitist, try mediocrity.
- If you think autonomy is a luxury, try bureaucracy.
Library in the Marketplace

Library staff demonstrated the PALS library system at the International Federation of Library Associations conference. More than 1500 delegates from 59 countries attended the conference, which was held at the University of NSW from August 29 to September 3.

Demonstrations of the PALS system formed part of the large trade exhibition at the conference which included vendors of ten other library systems. The demonstrations were conducted at the UNISYS stand and attracted a significant amount of attention from prospective purchasers. PALS now operates on UNISYS mainframe, personal computer and UNIX equipment. All three versions were demonstrated at the conference. UNISYS is the only vendor offering such a choice of operating environments.

PALS had more functions and greater versatility when compared with other library systems at the exhibition. It has the potential to be the premier library system and UNISYS is determined to achieve this distinction.

During the conference, representatives from UNISYS headquarters in USA announced increased corporate support for the PALS product. UNISYS will be devoting more resources to the development, marketing and support of PALS throughout the world. The basic software has been revised and new modules will be released shortly.

Arrangements have been made with UNISYS to install the new software at Wollongong as soon as possible. This software will include a serials module which will enable the listing of all serial issues as they are received in the Library. Acquisitions software will be installed early in 1989.

In association with Computer Services, the Library works with UNISYS to promote the PALS system in Australia. This business relationship enables some of the Library automation costs to be reduced. It also permits the University to be identified with a product which has a reputation as a market leader.

WINSET groups active

The formation of a Wollongong branch of WINSET - Women in Science - was announced in Campus News for August 2. The next meeting of the group will take place on Wednesday September 21 in the Northern Lounge, Union Building. The University of Wollongong at 6 pm.

Speaker will be Dr Karen Chad and her topic Manipulating Metabolism: Its Effect on Weight Control. Dr Chad's talk will be followed by a char-grilled dinner in the Bistro.

Further information from Toni O'Neill, 27 0715, Mary Carson, 27 0516, or Stephanie Short, 27 0743.

Date for the diary

After 18 years on the campus, Professor Brian H. Smith, Professor of Electrical Engineering and Dean of the Faculty of Engineering, is to retire in December.

A dinner in his honour is to be held in the Union Hall on Friday evening, December 9.

Those interested in attending might care to note the date in their diaries now. Further information will be published closer to the date.

School of Policy and Technology Studies in Education Policy Workshop

September 14
1.30 pm Changing Federal and State Relationships: Higher Education, TAFE and Schools. Mr Peter Grant, Department of Employment Education and Training.
2.45 pm An International Project on Performance Indicators in Education. Mr Alan Ruby, NSW Department of Education.
3.45 pm Afternoon break.
4.00 pm The Myth of the Positivist Paradigm. Mr Jeff Franklin, Centre for Technology and Social Change, The University of Wollongong.

September 15
9.30 am Public Policy and Curriculum Processes in South Australia, 1968-1981. Mr Peter Manuel, Education Department, SA.
10.45 am Morning break.
11.15 am Resolving Vocational vs General Education: anything new in the debate? Mr Gay Gillies, NSW Department of Education.
12.30 pm Lunch.
1.30 pm Policy Issues in Secondary School Staffing. Mr John Henderson, NSW Department of Education.
2.45 pm Talking to Ministers. Mr Alan Ruby, NSW Department of Education.
3.45 pm Afternoon break.
4.00 pm Approaches to Educational Policy in Government. Mr Mark Scott, Policy Adviser to the NSW Minister for Education and Youth Affairs.

Venue: Wollongong University, Administration Building, Room 36.301.
Inquiries: Ms Jane Cook, (042) 27 0950.

Wieland Vice-President of ASAL

James Wieland, of the Department of English, was elected to the vice-presidency of the Association for the Study of Australian Literature (ASAL) at its Annual General Meeting in August. Wieland was formerly ASAL treasurer.

The new president is Associate Professor Elizabeth Webby of Sydney University, Dr Suzanne McKernan of the Australian Defence Force Academy is Secretary, and Dr Dennis Haskell of the University of Western Australia takes over as treasurer.

ASAL seeks to foster, both nationally and internationally, the study of Australian literary cultures: it has affiliations with associations in the United States, Canada, Europe, Britain, China and India.

Wanted! Audience to attend free recitals (Research Project)

The Psychology Department of The University of Wollongong and the Conservatorium of Music invite interested people to form an audience committed to attend, free of charge, three 1h 45m recitals to be given in the University Music Auditorium (ex-Teachers College Auditorium) at 7.30 pm on Friday(s) September 16, November 4 and December 16.

The recitals will involve 15 advanced student performers participating in a research project centred on the Psychology of Performance.
It would be desirable if those wishing to participate in the audience(s) could: commit themselves to attending all three recitals, and provide an anonymous rating of the performance by each artist according to a simple scale outlined on the program.

Intending participants should register their interest by telephoning the Conservatorium on 28 1122 or 27 0533.

**Australian Academics for Peace in the Middle East**

**Australian academics for Peace in the Middle East study visit to Egypt and Israel January 1989**

AAPME is an academic association, the aim of which is to promote informed discussion on the conditions for a just and lasting peace between the State of Israel and the Arab world.

One of AAPME's major activities is to organise academic study visits to Egypt and Israel, in which participants receive high-level briefings on the political, military and social aspects of the Middle-East situation. The next study visit (the ninth) is to start in Cairo at the beginning of January 1989. After a week participants will move to Israel for a further two weeks, concluding on January 25.

These study missions are organised in co-operation with the Foreign Ministry of each country concerned. Costs include return air travel (approximately $1750) accommodation and most meals ($700). The trip also includes a number of excursions to historical sites.

Inquiries to Dr C. Rubenstein, Department of Politics, Monash University, Clayton, 3168. Telephone (03) 565 2413 or 565 2402 (office). Applications close on October 21.

**University of Wollongong Aboriginal Week**

The Aboriginal Education Unit and the University Union have begun their Aboriginal Week program. It started yesterday (September 12) and continues until Friday, September 16.

The program from today:

**Tuesday September 13** – University Amphitheatre (opposite the Administration Building, Western campus). 12.30 – 1.30 pm. Aboriginal dancers, Mark Saunders and Johnny Marshall, will demonstrate Aboriginal dances. Bob Randall will perform songs.

10 am – 4 pm. Art Exhibition and screening of the video 'We Have Survived' in Union Kemira Room.

**Wednesday September 14** – Figtree lawn (opposite Union Building). 12.30 – 1.30 pm. Aboriginal dances and music by Mark Saunders and Johnny Marshall. Demonstration of boomerang throwing by Laddie Timberey and artefact display. Aboriginal Artist, Robbie Wyman, will demonstrate his art technique.

10 am – 4 pm. Art Exhibition and screening of video 'We Have Survived' in Union Kemira Room.

**Thursday September 15** – Figtree lawn (opposite Union Building). 12.30 – 1.30 pm. Aboriginal Contemporary Band 'Highly Suspect'. More demonstrations in boomerang throwing and Aboriginal art and artefact display/sales.

10 am – 4 pm. Art exhibition and screening of the video 'We Have Survived' in Union Kemira Room.

All schools are welcome. For further information contact Anne De Haas, tel. 27 0776 or Lorna Koetz, on 27 0781.

---

**Use of University Crest**

Staff and students are reminded that approval is required to use the University Crest on any publications, leaflets, letterheads, banners and so on.

Request for approval to use the crest should be addressed in writing to the University Secretary. A copy of an approval to use the crest must be attached to any requisition for printing which includes reproduction of the crest.

Research Funds

The sources of research funds given below are available to members of academic staff. Further information including application forms may be obtained from Kim Harriss (ext 3201). Intending applicants are reminded that all research applications must be forwarded through the Office of Research and Post-graduate Studies.

Pig Research Council Grants 1989/90
The Pig Research Council (PRC) invites applications to conduct research related to the pig industry in the 1989/90 financial year.
Applications close with the University on October 17.

Canadian Studies – Faculty Enrichment Awards
Applications are invited from academics holding a PhD or its equivalent interested in receiving a Faculty enrichment award to assist in devising and teaching Canadian content at their employing institution.
Applications close with the University on January 17.

Dr Richard Kohoutek of the Department of Civil and Mining Engineering and Mr J. Marino, a BE (Hons) student and holder of the Illawarra County Council Scholarship, examine the recording of a spectrum analyser. The test is a part of a research project of semi-rigid joints, a topic of Mr Marino’s thesis.
Research grants approved between May 20 and June 21

Bellambi Coal Company Pty Ltd
Aziz, N.I. - Dust Supression in Mines. $500
National Health and Medical Research Council
Ewan, C. - Job Characteristics and Risk Factors for Heart Disease. $69,931
Texas Instruments
Ng, T.S. - Data Compression on Digitised Speech. $5900

June 21 and July 25
CSIRO/University of Wollongong Collaborative Research Fund
Blake, J.R. and Gibson, D.C. - Cavitation Bubbles near Compliant Boundaries. $6500

July 25 and August 23
South Coast Employment Development Project Ltd
Mangan, J. - Dolgas Decon Model Project. $6000

Mr Dawkins and Vice-Chancellors Work Through White Paper Concerns
The Federal Government and the Australian Vice-Chancellors Committee have agreed on a process to address concerns raised by the AVCC following the release of the government’s policy statement on higher education.
Mr John Dawkins, Minister for Employment, Education and Training, and Professor John Scott, chairman of the AVCC, have said agreement was reached during a meeting between the AVCC executive and the Minister in Canberra on September 1.
Mr Dawkins has written to the AVCC indicating he will refer a number of issues raised by the Vice-Chancellors to the National Board of Employment, Education and Training, the Higher Education Council and the Australian Research Council.
This will provide the basis for further discussions, particularly with the AVCC, assessing the impact over the next three years of some of the decisions announced in the policy paper.
Professor Scott says that the AVCC agreed that Mr Dawkins’ referral of a number of issues to NBEET was an appropriate response to the concerns raised by the Vice-Chancellors.

The 'What Is It?' Competition
Held by the Department of Metallurgy and Materials Engineering on Open Day, the contest was won by Peter George of 63 Edgeworth Avenue, Kanahooka.
Mr George’s prize was $50.
Pentagon Rest Room

The EEO sub-committee on Disability is pleased to announce that it now has a rest room in the Pentagon designated for use by students inconvenienced by either permanent or temporary physical disability. We are aware that a number of students have withdrawn from their studies because of access difficulties experienced; it is hoped that some part of this problem will be alleviated by this new convenience.

The Pentagon was suggested because of its central location, and with most lectures conducted there. It also contains appropriate toilet facilities. The room which has been allocated is the small one on the eastern side of the northern doors. (Many of you will know that until now this room has been used exclusively by cleaning staff. I would like to acknowledge their willing co-operation and concern for this project, without which I am sure it would not have materialised. So, a very grateful thank you from the Disability committee.)

The room has now been fitted with blinds for privacy, and a bed and comfortable chair have been installed. There is a sink and hot water urn for added convenience. A sign is being prepared for the door, but the room is available for use now.

Peg MacLeod,
EEO Coordinator, ext 3917

Concerts, Exhibitions and Entertainment

Splinters – A comedy by Bill Condon

An amateur theatrical director who thinks he’s Alfred Hitchcock, a sensitive young playwright who is having a love affair with a Norfolk pine, a young woman who wants to be loved for her mind, and a rich patron of the arts who’s spirit guide watches her undress: these are the ingredients that make up Splinters, a comedy by local playwright Bill Condon, which opens tomorrow (Wednesday) at the Illawarra Performing Arts Centre.

The play is directed by Wollongong University research officer Rob Hood and stars well-known local actors, Arthur Briggs, Margaret Cruikshank, Jenny Nell and Paul Taylor. They are ably supported by Diane Clegg, Mary Wharton and a Norfolk pine.

The play’s witty dialogue, and its gradual movement toward a climax of farcical action, is guaranteed to keep you on your toes. The author has described Splinters as ‘a play that gets under your skin’.

Performances are on September 14, 15, 16, 17, 21, 22, 23 and 24, starting at 8.15 pm. Tickets cost $12 and $8 concession; bookings can be made with the Performing Arts Centre on 263366.

For further information ring Rob Hood on ext 3646.

Visit of John Paul College Dance Company

This afternoon, Tuesday September 13, the John Paul College Dance Company will present a one-hour performance from 1 pm to 2 pm in the Auditorium of the Music Centre (24.G01).

School of Creative Arts – Diary of Events

September

Thursday 15

Kennedy’s Children. Student production. Bulli Hotel, Bulli, 8 pm.

Thursday 15

The Art of Lunch. Music Auditorium. Ron Pretty, Senior Lecturer, will lead staff and students in a Creative Writers Presentation. 12.35 to 1.25 pm.

Friday 16

Preview – 1st and 2nd Year Exhibition, Long Gallery, 7 pm to 9.40 pm.

Kennedy’s Children. Student production. Bulli Hotel, Bulli, 8 pm.

Saturday 17

The English and Irish Connection. City of Wollongong Symphony Orchestra conducted by Edward Cowie, with University Singers. Premiere of John Wayne Dixon’s Colonial Symphony and other works by Elgar and Vaughan Williams, 8 pm.

Seminars

Department of Biology Biomedical Evening Series

Each seminar will be preceded by a char-grill dinner at 6.30 pm in the Union Bistro. Those interested in attending the dinner should contact Dr E.J. Steele (042) 27 0434, so that appropriate bookings may be made. Seminars begin at 8 pm in Lecture Theatre C19 Building 35. (The assistance of Dr Stephen Anderson is acknowledged.)

September 28. A Millipore seminar on Molecular and Cellular Immunology. C. Goodnow, Clinical Immunology Research Centre, University of Sydney. Immunological tolerance in transgenic mice.

School of Learning Studies Staff and Postgraduate Series

All seminars in Room 21.104 (Meeting Room), 12.30–1.30 pm

September 14

Speaker: Dianne Snow, PhD student, School of Learning Studies

September 19

Full-day conference on Gender and Education. Details to follow.

September 28

Speaker: Graeme Hendry, PhD student, School of Learning Studies

October 12

Speaker Graeme Hendry, PhD student, School of Learning Studies
Topic: Special Education.
October 26  
Speaker: Michael Stone, School of Learning Studies  
A weekend colloquium for Masters (Hons) and  
Doctoral students will be arranged for November 5 and 6  
(still to be confirmed).  
Further information contact Bill Winser, School of  
Learning Studies, ext 3963.

Department of Biology Seminar Series Session II  
The Department of Biology seminars are held at The  
University of Wollongong on Wednesdays at 3.30 pm in  
Room 19, Building 35.  
September 14  
Title: Dr Gary Levot, Entomologist, Department of  
Agriculture.  
Title: Dead men do tell tales: the contribution of  
entomology to forensic science.  
September 21  
Speaker: Dr Andrew Cockburn, Department of  
Zoology, Australian National University.  
Title: Help or Hindrance: the costs and benefits of sons  
and daughters.

Department of Physics Colloquium  
Thursday, September 15, 12.30 pm  
Speaker: Dr John Caruana, IPS Radio and Space  
Services, Department of Administrative Services  
Topic: The Ionosphere and High Frequency Radio  
Propagation  
Venue: Physics Lecture Theatre (18.118)

Geography Department Staff and Visitors' Series  
Room G027, 12.30 to 1.30 pm each Thursday.  
September 15  
Speaker: Ms Jacky Croke, University College, Dublin.  
Title: The application of heavy metal deposits as  
sediment traces within the floodplain depositional  
environment: an Irish example'.  
September 22  
Speaker: Mr Stephen Short, ANSTO, Lucas Heights.  
Title: 'Uranium thorium dating: general principles and  
techniques'.  
Special Seminar 5pm, room G027  
Title: 'Uranium thorium dating of ferricretes'.

Department of Computing Science  
Friday, September 16, Room 15.206, 12.30 pm.  
Speaker: Mr Bruce Rowlands, School of Industrial and  
Administrative Studies, The University of Wollongong.  
Title: Measuring Software Size: A Comparison of  
Metrics and Models.

School of Industrial and Administrative Studies  
September 16, 10.30 am  
Title: Intelligent Database Design Kit Current Status  
and Plans  
Speaker: Dr Leszek Maciaszek, Lecturer, Computing  
Science, The University of Wollongong  
Venue: Skylab (to be confirmed)  
September 21, 10.30 am  
Title: Fourth Generation Languages  
Speaker: Glen Peary, Illawarra County Council  
Venue: Building 22, Sperry Lab 3.

Department of Science and Technology Studies  
Wednesday, September 14, 1.30 pm, Building 19 Room  
2061  
Speaker: Richard Badham  
Title: The factory of the future: A concept in search of a  
reality.

Department of Economics  
Tuesday September 20:  
Tran Van Hoa - Why all existing estimates of  
econometric models are sub-optimal.  
Tuesday September 27:  
J. Thampapillai and D. Lewis - Some experiments on  
consumer behaviour: a game-theoretic approach.

Geography Department Student Series  
Room G027, 12.30 to 1.30 pm each Wednesday.  
September 14  
Speaker: David Hean  
Title: The dynamics and chronology of terrace  
formation in the Illawarra'. (PhD progress report).  
September 28  
Speaker: Jia Shu Shen  
Title: 'Sediment transport in the surf zone'. (PhD  
progress report).

Department of Accountancy and Legal Studies  
The following seminars will be held in the Social Science  
Building, Room 2001 (Accountancy and Legal Studies  
Department).  
Friday, September 16 at 2 pm  
Topic: Integrating a Normative Decision Theory into a  
Descriptive Lens Model of Information Processing in  
Accounting Policy Decisions.  
Speaker: Mr A Huang.  
Friday, September 23 at 11 am  
Topic: Investment and Lending Decisions by Financial  
and Investment Analysts: An Empirical Investigation.  
Speaker: Mr A. Chew, University of Technology.  
Friday, October 14 at 11 am  
Topic: The Selection of Accounting vs Other  
Commerce Majors: Personality and Other Influences.  
Speaker: Mr P. Booth, University of New South Wales.  
Friday, October 21 at 11 am.  
Topic: Legal and Environmental Aspects of Offshore  
Oil Production.  
Speaker: Mr J. Jackson  
All welcome. Any inquiries contact Hai Yap Teoh,  
Seminar Convenor, telephone 27 0625.

Advertisements  
FOR SALE  
Two-in-one record player and radio. Very good condition 'Expo' brand, with  
nearly new needle, $50 ono. Phone S. Rice 28 7761 (H).  

FOR SALE BY TENDER  
The University has 20 Rockwell AIM 65 Computers available for sale by  
tender. All are in working order. No guarantee is offered on these items.  
Terms of sale are cash or bank cheque. For inspection, contact Mr Ron  
Parker, ext 3420.  
Tenders close on September 23. Tenders should be placed in a sealed  
envelope addressed to Supply Office, The University of Wollongong, PO  
Box 1144, Wollongong, 2500' and noted on the outside front 'Tender for  
Rockwell Computer'.
A BEACHHEAD APPROACH TO BUSINESS PROFITS

THE LOCATION
The University of Wollongong in recent years has been one of the fastest growing universities in Australia. Today it is in the process of strengthening its science and engineering base. The University has an enviable record in recognising the demand for and advantages of forming close links with business and industry, particularly in the areas of technological research and development.

The proposed Complex is only a 1 hour drive from Sydney airport and within walking distance of the electric train line to Sydney. There is a local satellite airport nearby, helicopter facilities in Wollongong and a large port facility at Port Kembla. The complex is adjacent to the beach and an expanding major sporting and recreation complex. It is 5km from the main University campus and minutes from Wollongong CBD.

THE COMPLEX
The development at the University's Campus East site is Stage II of the Business and Technology Complex. The Illawarra Technology Centre which includes the Automation and Engineering Applications Centre was established in 1984.

An integrated facility of 28,000m² is now ready for construction. It includes an international standard hotel and convention centre, prestige office, workshop and laboratory space, some academic facilities and residential accommodation. A School of Tourism will be established as part of the complex.

If you are considering setting up or expanding a business base or contemplating undertaking research or development to place your company at the front line of technological change, there is no better way than becoming part of the University of Wollongong scientific community, while at the same time maintaining your independence and confidentiality of operation.

There is so much to gain - access to a multi-million dollar research and training establishment, financial, legal and management advisory services, a purpose built complex and a location that offers a superb lifestyle and affordable housing which will assist you to attract staff of the highest calibre.

COMMUNICATIONS
Telecommunications facilities are provided. Direct dialling with the normal array of telex, facsimile and conference facilities exist to all parts of the globe. The University has a high level of fully integrated computer facilities.

FINANCE
The University will manage the Complex through a University Corporation with representatives of other interests on the Board of Directors. Parcels of land will be leased into company or joint venture structures to allow a variety of means of financing and constructing buildings.
