BULLI-WOONONA WAR MEMORIAL:

Our Society’s Council recently made representation to Wollongong City Council that the Bulli-Woonona War Memorial which stood at the corner of Hopetoun Street and the Main Road (Princes Highway) and had been demolished in a traffic accident be replaced.

An officer of the Council has explained that the damage suffered has been severe and costly and in view of circumstances and modern traffic conditions it is probable that it will best be re-designed and re-erected in a safer and more accessible place for the monument and those viewing it.
