INFORMATION WANTED

Information about "Toongla," Tullimbar, is sought by Mrs. Neath (phone 56-3430).

She has traced the property back to 1873, when it was bought by Maurice Scanlan. An article in "Australian Men of Mark" says that he lived at Tullimbar for some years, then moved to "Green Mount Villa." At the time the article was written he had a brick house on his property. Mrs. Neath thinks "Green Mount Villa" and "Toongla" are one and the same. She would like to know whether Scanlan built it, and when.

In 1898 the property was sold to William Moles, whose daughters sold it in 1928 to Leonard Anderson, Mrs. Neath's grandfather.

Would anyone able to give information please ring Mrs. Neath at the above number?
